Productive Math Struggle John J. SanGiovanni, Susie Katt, Kevin J. Dykema, 2020-03-09 All students face struggle and they should it is how they learn and grow The teacher s job is not to remove struggle but rather to value and harness it helping students develop good habits of productive struggle But what s missing for many educators is an action plan for how to achieve this especially when it comes to math This book guides teachers through six specific actions including valuing fostering building planning supporting and reflecting on struggle to create a game plan for overcoming obstacles by sharing Actionable steps activities and tools for implementation Instructional tasks representative of each grade level Real world examples showcasing classroom photos and student work

Second Handbook of Research on Mathematics Teaching and Learning Frank K. Lester, 2007-02-01 The audience remains much the same as for the 1992 Handbook namely mathematics education researchers and other scholars conducting work in mathematics education This group includes college and university faculty graduate students investigators in research and development centers and staff members at federal state and local agencies that conduct and use research within the discipline of mathematics The intent of the authors of this volume is to provide useful perspectives as well as pertinent information for conducting investigations that are informed by previous work The Handbook should also be a useful textbook for graduate research seminars In addition to the audience mentioned above the present Handbook contains chapters that should be relevant to four other groups teacher educators curriculum developers state and national policy makers and test developers and others involved with assessment Taken as a whole the chapters reflects the mathematics education research community s willingness to accept the challenge of helping the public understand what mathematics education research is all about and what the relevance of their research findings might be for those outside their immediate community

The Data Coach's Guide to Improving Learning for All Students Nancy Love, Katherine E. Stiles, Susan Mundry, Kathryn DiRanna, 2008-02-21 This book offers a compelling message

of hope and resolve The authors three year journey in a multiplicity of diverse underperforming high poverty schools across the nation has resulted in a treasure chest of knowledge and experiences about how to professionally develop data coaches in ways that benefit some of our most underserved students This book provides powerful resources to those who have the belief passion and desire for implementing collaborative data inquiries in schools and districts From the Foreword by Ruth S Johnson Use data as an effective tool for school change and improvement How can data coaches create a collaborative culture in which data is used continuously and effectively to improve teaching and learning The Data Coach s Guide to Improving Learning for All Students provides detailed guidance for helping schools move away from unproductive data practices and toward examining data as a catalyst for systematic and continuous improvement in instruction and student learning To help both current and aspiring data coaches facilitate school based data teams and lead teachers in collaborative inquiry the authors demonstrate a data model that has been field tested and proven to be effective in Narrowing achievement gaps between students in all content areas and grade levels Achieving strong steady gains in local and state assessments in mathematics science and reading Using data as a springboard for powerful conversations about race ethnicity class educational status gender and language differences Developing shared values and a vision for creating a high performing data informed school culture This culturally responsive resource benefits staff developers teachers and administrators interested in creating change through effective data practices and includes a CD ROM keyed to the book with templates handouts PowerPoint slides resources and sample goals and agendas
