

## SAMPLE COMPLAINT LETTER

### Requesting a condominium's board of directors to take steps to reduce or eliminate the problem of second-hand smoke

This sample letter is designed for residents who are suffering from second-hand smoke infiltrating their homes from neighbouring units and who want to write to the condominium corporation to take steps to resolve the problem.

In the absence of a no-smoking policy, residents have a right to smoke. However, this right is not absolute—especially if second-hand smoke is interfering with the health and well-being of other people in the building. Virtually all condominium corporations in Ontario have general rules prohibiting behaviour that creates a nuisance or hazard to another person. This can include smoking, regardless of whether or not the condominium corporation has a formal no-smoking policy in place. If someone's second-hand smoke is infiltrating neighbouring units on a frequent and on-going basis and causing an unreasonable disturbance, condominium boards of directors have the authority and responsibility to address these complaints.

However, whether or not a condominium corporation recognizes second-hand smoke as a nuisance will very much depend upon the exact wording of the rule relating to nuisance and is left up to the discretion of the board of directors to determine. It should also be noted that a 1988 Supreme Court of Ontario case on nuisance determined that "although the test of nuisance is generally whether the defendant's use of its land interfered with the beneficial use and enjoyment of the plaintiff's lands and whether that interference was unreasonable, there is authority for the proposition that where actual physical damage occurs, the interference is unreasonable."
