**The Middle of Somewhere** Sara L. Hartman, Bob Klein, 2023-07-11 Highlights innovative partnership practices that help create educational opportunities for students in rural schools across the United States As editors Sara L Hartman and Bob Klein acknowledge rural places have long experienced systemic inequities that decrease rural students access to education yet many rural schools and communities have found creative means to make up for the dearth of outside resources The Middle of Somewhere brings to light a wide variety of partnerships that have been forged between K 12 schools communities and postsecondary institutions to improve educational access The book showcases collaborations that address three different areas of need partnerships that prepare and support teacher candidates and educators who work in rural areas partnerships that extend the work of rural education networks and partnerships that promote equity justice and inclusion within rural populations Using case studies of rural educational partnerships from communities across the United States the book s contributors share their experiences of how strong partnerships have formed both organically and through thoughtful and intentional planning and they recommend supportive strategies for their development and sustainment The contributors also explore the many ways in which university school community partnerships incubate solutions to challenges common to rural education systems such as access to STEM education and higher education The programs featured here may serve as replicable models for practitioners researchers and policy makers who want to enrich the experiences of children in their schools and communities

**Malled** Caitlin Kelly, 2012-07-31 One woman s midcareer misadventures in the absurd world of American retail After losing her job as a journalist and the security of a good salary Caitlin Kelly was hard up for cash When she saw that The North Face an upscale outdoor clothing company was hiring at her local mall she went for an interview almost on a whim Suddenly she found herself middle aged and mid career thrown headfirst into the bizarre alternate reality of the American mall a world of low wage workers selling overpriced goods to well to do customers At first Kelly found her part time job fun and reaffirming a way to maintain her sanity and sense of self worth But she describes how the unexpected physical pressures the unreasonable dictates of a remote corporate bureaucracy and the dead end career path eventually took their toll As she struggled through more than two years at the mall despite surgeries customer abuse and corporate inanity Kelly gained a deeper understanding of the plight of the retail worker In the tradition of Nickel and Dimed Malled challenges our assumptions about the world of retail documenting one woman s struggle to find meaningful work in a broken system

**Changing Conceptions, Changing Practices** Angela Glotfelter, Caitlin Martin, Mandy Olejnik, Ann Updike, Elizabeth Wardle, 2022-12-28 Changing Conceptions Changing Practices demonstrates that it is possible for groups of faculty members to change teaching and learning in radical ways across their programs despite the current emphasis on efficiency and accountability Relating the experiences of faculty from disciplines as diverse as art history economics psychology and philosophy this book offers a theory and research based heuristic for helping faculty

transform their courses and programs as well as practical examples of the heuristic in action The authors draw on the threshold concepts framework research in writing studies and theories of learning leadership and change to deftly explore why faculty are often stymied in their efforts to design meaningful curricula for deep learning and how carefully scaffolded professional development for faculty teams can help make such change possible This book is a powerful demonstration of how faculty members can be empowered when professional development leaders draw on a range of scholarship that is not typically connected In today's climate courses programs and institutions are often assessed by and rewarded for proxy metrics that have little to do with learning with grave consequences for students The stakes have never been higher particularly for public higher education Faculty members need opportunities to work together using their own expertise and to enact meaningful learning opportunities for students Professional developers have an important role to play in such change efforts WAC scholars and practitioners leaders of professional development and centers for teaching excellence program administrators and curriculum committees from all disciplines and faculty innovators from many fields will find not only hope but also a blueprint for action in *Changing Conceptions Changing Practices* Contributors Juan Carlos Albarrán Jos Amador Annie Dell Aria Kate de Medeiros Keith Fennen Jordan A Fenton Carrie E Hall Elena Jackson Albarrán Erik N Jensen Vrinda Kalia Janice Kinghorn Jennifer Kinney Sheri Leafgren Elaine Maimon Elaine Miller Gaile Pohlhaus Jr Jennifer J Quinn Barbara J Rose Scott Sander Brian D Schultz Ling Shao L James Smart Pepper Stetler *Fallacies in Education* Randy K. Trani, Robert K. Irvine, 2010-01-16 This book argues for a complete reassessment of the ways schools are conceived organized operated and managed Authors Trani and Irvine challenge traditional assumptions about grade levels teachers students and administrators in pursuit of higher student achievement and academic excellence Building on the methods that turned an average school district into one widely recognized as one of the best in the nation this book argues for fundamental logical changes to the way Americans operate their public schools *Fallacies in Education* is purposefully written to support community based changes to schools that encourage superior achievement and educational results This book provides a pathway for concerned parents administrators teachers and citizens to improve their schools with their current resources The techniques used in Corbett to produce an academic renaissance can be used everywhere and this book provides a starting point for schools to strive for academic achievement and excellence in education The book demonstrates how every school can better serve their students and deliver a better education without increasing costs or incurring new ones
