The Death of the Book John Lurz, 2016-07-01 An examination of the ways major novels by Marcel Proust James Joyce and Virginia Woolf draw attention to their embodiment in the object of the book The Death of the Book considers how bookish format plays a role in some of the twentieth century's most famous literary experiments Tracking the passing of time in which reading unfolds these novels position the book's so called death in terms that refer as much to a simple description of its future vis vis other media forms as to the sense of finitude these books share with and transmit to their readers As he interrogates the affective physical and temporal valences of literature's own traditional format and mode of access John Lurz shows how these novels stage intersections with the phenomenal world of their readers and develop a conception of literary experience not accounted for by either rigorously historicist or traditionally formalist accounts of the modernist period Bringing together issues of media and mediation book history and modernist aesthetics The Death of the Book offers a new and deeper understanding of the way we read now

The Travels of Odysseus Jonathan S. Burgess, 2025-06-11 The Travels of Odysseus employs the theme of travel to explore the Odyssey and its contexts After an introductory chapter Chapter 2 provides analysis of the wanderings or Apologos of Odysseus Chapter 3 explores the lying tales told by Odysseus in disguise upon his return to Ithaca and Chapter 4 discusses a variety of stories about Odysseus leaving Ithaca again including Teiresias' prediction of an inland journey and the Telegony of the Epic Cycle The introductory chapter explores various contexts of Odysseus' travels the Epic Cycle notably the Nostoi Returns and the Telegony comparable travelers of myth Gilgamesh Heracles Perseus the genre of travel writing ancient and modern and the characterization of Odysseus within Homer and outside of Homer Chapter 2 explores the hero's account of his wanderings to the Phaeacians in Books 9-12 by exploring the poem's explanation of the hero's nostos return in the proem the spatial and temporal aspects of the wanderings the Phaeacian context of the Odysseus stories the implications of the ancient term apologos for Odysseus' wanderings the patterns causality and plot of the Apologos and the socio-economic aspects of the wanderings Chapter 3 explores the actions of Odysseus upon his return to Ithaca Topics include the Homeric and non Homeric aspects of Ithaca the motif of lying travelers at Ithaca the themes of the false travel tales that Odysseus tells while in disguise the function of these lying tales to test suitors slaves and family and an extensive comparison of the lying tales to the wanderings Chapter 4 first discusses issues arising at the end of the Odyssey which are described as indicative of existing or potential further adventures of Odysseus These post nostos travels include Teiresias' prediction of the need to take an inland journey Odysseus' travel to Thesprotia in the Telegony and other lost tales about Odysseus traveling to northwest Greece or the Italian world Many tales involve locations linking themselves to the hero through genealogy or burial place

Arete and the Odyssey's Poetics of Interrogation Justin Arft, 2022-09-01 Arete and the Odyssey's Poetics of Interrogation explores how the enigmatic Phaeacian

queen Arete is at the heart of an epic scale poetics of interrogation used throughout the Odyssey to negotiate Odysseus kleos or epic renown Arete's interrogation of Odysseus has been especially problematic in scholarship but diachronic and synchronic analysis of similar interrogations across Indo European Orphic and Greek epigrammatic corpora show that the stranger's interrogation is a formula that demands performance and negotiation of status Within the Odyssey this interrogation is part of an intraformular network used to generate kleos and the queen's question initiates the longest and most complex negotiation of Odysseus status in epic and memory Arete's role as interrogator not only explains her strange authority and resonance with both Penelope and comparative afterlife figures but it also establishes a gendered agonistic tension between she and her husband Alkinoos that influences the structure genre and narratology of performances across the Phaeacian episode This book reinterprets the Odyssey's central episode and challenges several assumptions about Nausikaa and Alkinoos famed hospitality even demonstrating how the Apologue is organized as a response to competing inquiries into Odysseus fundamental status in tradition The Odyssey ultimately navigates away from Odysseus public reputation and roots his status in private memories and Arete's carefully arranged interventions signal the larger process by which the Odyssey immortalizes Odysseus in poetry as a nostos hero The queen and her question invite new applications of oral poetics that shed light on the structure composition and reperformance of the Odyssey Human Heritage Miriam Greenblatt, Peter S. Geographicus Yuval Shahar,2004 Why did ancient historians include geographical descriptions in their historical works How does the spatial description fulfill its goal In this book Yuval Shahar discusses these two questions showing that the answers depend on the particular historian and the genre in which he is writing He analyzes and compares the presentation of geographical space in the writings of Herodotus Thucydides Polybius and Strabo with selected illustrations from early Latin historiography It is clear from this that Flavius Josephus consciously and definitively follows the generic approach of Polybius and Strabo Moreover Josephus descriptions of parts of the Land of Israel are structured in the same way as the descriptions in Strabo s Geography and reflect a hidden dialogue between Josephus and Strabo Awareness of these generic characteristics enables a new reading of some of Josephus most famous descriptions such as Jotapata Gamala and Masada and establishes his credibility **hoozyu®: Preparing yourself for life and marketplace using the Birkman Method®**
