Student and Teacher Writing Motivational Beliefs

Steve Graham,Gary A. Troia,Gustaf Bernhard Uno Skar,2024-06-21 The study of students motivational beliefs about writing and how such beliefs influence writing has increased since the publication of John Hays 1996 model of writing This model emphasized that writers motivational beliefs influence how and what they write Likewise increased attention has been devoted in recent years to how teachers motivational beliefs about writing especially their efficacy to teach writing impact how writing is taught and how students progress as writers As a result there is a need to bring together in a Research Topic studies that examine the role and influence of writing beliefs Historically the psychological study of writing has focused on what students write or the processes they apply when writing Equally important but investigated less often are studies examining how writing is taught and how teachers efforts contribute to students writing What has been less prominent in the psychological study of writing are the underlying motivational beliefs that drive or inhibit students writing or serve as catalysts for teachers actions in the classroom when teaching writing This Research Topic will bring together studies that examine both students and teachers motivational beliefs about teaching writing This will include studies examining the operation of such beliefs how they develop cognitive and affective correlates how writing motivational beliefs can be fostered and how they are related to students writing achievement By focusing on both students and teachers beliefs the Research Topic will provide a more nuanced and broader picture of the role of motivation beliefs in writing and writing instruction This Research Topic includes papers that address students motivational beliefs about writing teachers motivational beliefs about writing or teaching writing Students motivational beliefs about writing include beliefs about the value and utility of writing writing competence attitudes toward writing goal orientation motives for writing identity epistemological underpinnings writing and attributions for success failure as examples Teacher motivational include these same judgements as well as beliefs about their preparation and their students competence and progress as writers to provide additional examples This Research Topic is interested in papers that examine how such beliefs operate develop are related to other cognitive and affective variables how they are impacted by instruction and how they are related to students writing performance Submitted studies can include original research both quantitative qualitative or mixed methods meta analysis and reviews of the literature

Handbook of Research on Multidisciplinary Perspectives on Managerial and Leadership Psychology

Johnson, Rick D.,2021-01-22 The subject of leadership and managerial psychology exists as a sub branch of psychology within the fields of industrial and organizational psychology There still appears to be ongoing debate regarding the core pathology for gaining managerial expertise in professional roles relative to having suitable leadership skills and managerial knowledge beyond the direct daily work involved in organizations Professional organizations inherently include varied levels of sensitive human interactions which further necessitates their management professionals to have leadership styles that are adjustable

contingent on a given situation Relative to this edited book managerial psychology is being utilized in a way that may subsequently seek to develop a series of scientific theory principles where the focus is to develop managerial axioms that advance contemporary existing knowledge surrounding professional management logic The Handbook of Research on Multidisciplinary Perspectives on Managerial and Leadership Psychology provides value uncovered by a collaboration of generalists and specialists who bring professional managerial and leadership opinions to light through narratives and research inclusive of fundamental theory principles that can be applied in practice and academia This edited reference is focused on the enhancement of management research through managerial psychology while highlighting topics including business process knowledge management in diverse discipline situations and professions corporate leadership responsibility leadership of self and others and leadership psychology in a variety of different fields of work This book is ideally designed for leadership and management professionals academicians students and researchers in the fields of knowledge management administrative sciences and management leadership development education and organization development sub branches or specialty practices Anti-Asian Racism and Public Health Aggie J. Prosperity without Growth Tim Jackson, 2016-12-08 What can prosperity possibly mean in a world of environmental and social limits The publication of Prosperity without Growth was a landmark in the sustainability debate Tim Jackson's piercing challenge to conventional economics openly questioned the most highly prized goal of politicians and economists alike the continued pursuit of exponential economic growth Its findings provoked controversy inspired debate and led to a new wave of research building on its arguments and conclusions This substantially revised and re-written edition updates those arguments and considerably expands upon them Jackson demonstrates that building a post growth economy is a precise definable and meaningful task Starting from clear first principles he sets out the dimensions of that task the nature of enterprise the quality of our working lives the structure of investment and the role of the money supply He shows how the economy of tomorrow may be transformed in ways that protect employment facilitate social investment reduce inequality and deliver both ecological and financial stability Seven years after it was first published Prosperity without Growth is no longer a radical narrative whispered by a marginal fringe but an essential vision of social progress in a post crisis world Fulfilling that vision is simply the most urgent task of our times
