As grading assessment and reporting continue to be relevant topics of discussion, this book helps you create a functional plan to elevate and advance standards based grading practices. Teachers and administrators will learn how to assess grade and report against specific learning targets rather than standards as a whole to make skill acquisition the highest priority. Grounded in application to provide focus and clarity, this book features Real case studies of schools that have incorporated target based assessment, feedback, grading and reporting. Practical examples to guide implementation. Questions, checklists, illustrations and audits of practice to showcase the work in action. An accessible format and layout that support both immediate implementation and long term goals. Despite being a topic that generates emotion and resistance to change, target based assessment builds the foundation for a learner centered system that provides clear expectations and feedback for teachers, students and parents.
