

Quick note: The first time that you explore how to get the most out of your HP 4850, you'll spend less time figuring out how to use the game to adjust settings, and the time to fix it (a phrase we *never* use). The step-by-step program makes it so easy that you have to program the 4850 settings using the game to be able to actually get the system working.

Note: From time to time, to change the pen's default settings, you must use Petrus' Pen Tool programming software installed on a computer. Refer to the PFC-2000 operator's manual for Petrus' functions, operation & programming. *Go to the PFC-2000's default settings menu, including details, setting the pen's default pen programming for PFC-2000.*
