U.S. Marines in Vietnam: Telfer, G.L., Rogers, L., Fleming, V.K., Jr. Fighting the North Vietnamese, 1967 United States. Marine Corps. History and Museums

Division, 1977

Child Labor in America John A. Fliter, 2018-05-23 Child labor law strikes most Americans as a fixture of the country's legal landscape involving issues settled in the distant past But these laws however self evidently sensible they might seem were the product of deeply divisive legal debates stretching over the past century and even now are subject to constitutional challenges Child Labor in America tells the story of that historic legal struggle The book offers the first full account of child labor law in America from the earliest state regulations to the most recent important Supreme Court decisions and the latest contemporary attacks on existing laws Children had worked in America from the time the first settlers arrived on its shores but public attitudes about working children underwent dramatic changes along with the nation's economy and culture A close look at the origins of oppressive child labor clarifies these changing attitudes providing context for the hard won legal reforms that followed Author John A Fliter describes early attempts to regulate working children beginning with haphazard and flawed state level efforts in the 1840s and continuing in limited and ineffective ways as a consensus about the evils of child labor started to build In the Progressive Era the issue finally became a matter of national concern resulting in several laws four major Supreme Court decisions an unsuccessful Child Labor Amendment and the landmark Fair Labor Standards Act of 1938 Fliter offers a detailed overview of these events introducing key figures interest groups and government officials on both sides of the debates and incorporating the latest legal and political science research on child labor reform Unprecedented in its scope and depth his work provides critical insight into the role child labor has played in the nation's social political and legal development

Politics of Aristotle W. L. Newman, 2010-06-10 A monument of Victorian classical scholarship this valuable work will continue to be read by scholars and students of Aristotle

New Class Society Robert Perrucci, Earl Wysong, 2008 This book explores how class based resources and interests embedded in large organizations are linked to powerful structures and processes which in turn are rapidly polarizing the U S

into a highly unequal double diamond class structure The authors show how and why American class membership in the 21st century is based on an organizationally based distribution of critical resources including income investment capital credentialed skills verified by elite schools and social connections to organizational leaders

Guide to the Presidency and the Executive Branch Michael Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president s relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama s healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president s role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

America ,1897 National Security, Democracy, and Good Governance in Postmilitary-Rule Nigeria, Volume Two Dr. Dan Mou,2017-01-12 This book shows that the security economic political and social problems challenging national security democracy and good governance currently in Nigeria would get better or worse depending on what happens to the 71 percent of Nigerias population still living below the poverty line This is in spite of the billions of petrodollars that Nigeria garnered as revenue over the past few decades It reveals that one does not need to be a political prophet to predict that if these challenges are not successfully addressed through good governance and inclusive growth this country will witness worse civil disobedience violence revolts militancy breakdown of law and order more kidnappings and more of the citizens trying to check out of the country to other parts of the world in the future It concludes however that under such intense pressures the Government of Nigeria even if it is simply for its self preservation will be forced by the objective conditions to move against the interests of the dominant groups and classes in Nigeria These are the ones who have for long captured and hijacked state power and the resources of the country for their exclusive use There is this perception that Nigerians dont write and read This perception is deep seated even among intellectuals who see our authors as shallow researchers But Dr Dan Mou has debunked that myth and shown that Nigerians can write well researched and detailed books It is quite prophetic in its assessment of the Nigerian State Agbo Agbo deputy editor The Nation Dr Dan Mou has proven himself a world class scholar and an intellectual colossus His reputation as an internationally renowned public policy expert has continued to soar I congratulate him for these remarkable achievements Professor Justice Abdul Fatai Kuti first justice of Abuja High Court and former dean faculty of law University of Ado Ekiti Ekiti State of Nigeria Dr Mou is certainly one of the best scholars we have on the African continent As an educationist myself before I became a traditional ruler I agree totally with his analysis and conclusions I share the optimism Dr Mou has expressed that once the recommendations therein are adopted and meticulously implemented with proper monitoring and evaluation of such resultant policies and programmes Nigeria and indeed Africa would be able to solve most of these challenges HRH Alh Dr Sheban Audu Nizazo III Etsu Kwali Etsu Kwalis Palace Abuja Nigeria **The Question of State Government Capability** Mavis Mann Reeves,United States. Advisory Commission on Intergovernmental Relations,1985
