Shadow Work Craig Lambert, 2015-05-01

With the exception of sleep humans spend more of their lifetimes on work than any other activity It is central to our economy society and the family It underpins our finances and our sense of meaning in life Given the overriding importance of work we need to recognize a profound transformation in the nature of work that is significantly altering lives the incoming tidal wave of shadow work Shadow work includes all the unpaid tasks we do on behalf of businesses and organizations It has slipped into our routines stealthily most of us do not realize how much of it we are already doing even as we pump our own gas scan and bag our own groceries execute our own stock trades and build our own unassembled furniture But its presence is unmistakable and its effects far reaching Fueled by the twin forces of technology and skyrocketing personnel costs shadow work has taken a foothold in our society Lambert terms its prevalence as middle class serfdom and examines its sources in the invasion of robotics the democratization of expertise and new demands on individuals at all levels of society The end result A more personalized form of consumption a great social leveling pedigrees don t help with shadow work and the weakening of communities as robotics reduce daily human interaction Shadow Work offers a field guide to this new phenomenon It shines a light on these trends now so prevalent in our daily lives and more importantly offers valuable insight into how to counter their effects It will be essential reading to anyone seeking to understand how their day got so full and how to deal with the ubiquitous shadow work that surrounds them

Amateur Craft Stephen Knott, 2015-08-27

Amateur Craft provides an illuminating and historically grounded account of amateur craft in the modern era from 19th century Sunday painters and amateur carpenters to present day railway modellers and yarnbombers Stephen Knott s fascinating study explores the curious and unexpected attributes of things made outside standardised models of mass production arguing that amateur craft practice is differential a temporary moment of control over work that both departs from and informs our productive engagement with the world Knott s discussion of the theoretical aspects of amateur craft practice is substantiated by historical case studies that cluster around the period 1850 1950 Looking back to the emergence of the modern amateur he makes reference to contemporary art and design practice that harnesses or exploits amateur conditions of making From Andy Warhol to Simon Starling such artistic interest elucidates the mercurial qualities of amateur craft Invaluable for students and researchers in art and design contemporary craft material culture and social history Amateur Craft counters both the marginalisation and the glorification of amateur craft practice It is richly illustrated with 41 images 14 in colour including 19th century ephemera and works of contemporary art
