Bouwsma,1989-03-17 Historians have credited or blamed Calvinism for many developments in the modern world including capitalism modern science secularization democracy individualism and unitarianism These same historians however have largely ignored John Calvin the man When people consider him at all they tend to view him as little more than the joyless tyrant of Geneva who created an abstract theology as forbidding as himself This volume written by the eminent historian William J Bouwsma who has devoted his career to exploring the larger patterns of early modern European history seeks to redress these common misconceptions of Calvin by placing him back in the proper historical context of his time Eloquently depicting Calvin s life as a French exile a humanist in the tradition of Erasmus and a man unusually sensitive to the complexities and contradictions of later Renaissance culture Bouwsma reveals a surprisingly human plausible ecumenical and often sympathetic Calvin John Calvin offers a brilliant reassessment not only of Calvin but also of the Reformation and its relationship to the movements of the Renaissance
