My name is Michael Smith and I was born on the 30th of August, 19XX in Long Beach, California. My parents were Eddie Smith and Joan Smith. Both of my parents are deceased. My mom died at the age of 57 in 19XX from lung cancer which was the result of smoking her whole lifetime. My father died at the age of 69 in 20XX from a massive heart attack, which was also the likely result from a lifetime of smoking. Fortunately, I have been smart enough to avoid that bad habit.

My early childhood was a typical middle-class environment circa the 19XX's. My dad worked for Simpson Buick as a parts salesman and my mom was a stay-at-home mother. I had a happy, normal childhood as an only child, leaving me somewhat spoiled. My mom and dad divorced when I was eight years old and both remarried within a year or so of the divorce. My dad remained married to my stepmom Bev until his death. My mom would marry two more times. My first stepdad Vince became a big part of my life and I maintained close contact with him until his death in 2006, two days after my real dad died. Yes, that was a very bad week, losing both of my dads.

I lived with my mom until I was 16 and in high school. By my sophomore year in high school I had begun to hang around with friends that got me into a lot of trouble with a number of things including smoking pot and drinking. I was rapidly heading down a

America's Unseen Kids Harold M. Foster, Megan C. Nosol, 2008 Hal Foster and Megan Nosol speak boldly about not only the inequalities that exist in America's schools but also of strategies that give those kids the rich education we want for all students: the rich education each student deserves. Kylee Beers, Author of *When Kids Can't Read: What Teachers Can Do*. Do you teach in a forgotten high school? Where students are limited by poverty, the facilities are in dire need of repair, and the district has declared an academic emergency but doesn't know how to remedy the situation? Harold Foster and Megan Nosol have taught successfully in forgotten schools. In *America's Unseen Kids*, they reject stereotypes of urban students and schools and focus on new ways to reach out to teens in the English language arts classroom. Foster and Nosol know from experience that students will rise to the challenge of higher expectations when you strengthen your relationships with them. Their strategies will help you involve students in their learning by making it personal, get students to raise their own expectations by setting yours higher, and reinforcing them. Drive growth in reading and writing by making them explicit and repeatable. Use student interests to support learning by connecting school life to real life. Meet all students' needs through flexible teaching. Forgotten Children Linda A. Pollock, 1983-11-24 The history of childhood is an area so full of errors distortion and misinterpretation that I thought it vital if progress were to be made to supply a clear review of the information on childhood contained in such sources as diaries and autobiographies Dr Pollock s statement in her Preface will startle readers who have not questioned the validity of recent theories on the evolution of childhood and the treatment of children theories which see a movement from a situation where the concept of childhood was almost absent and children were cruelly treated to our present western recognition that children are different and should be treated with love and affection Linda examines this thesis particularly through the close and careful analysis of some hundreds of English and American primary sources Through these sources she has been able to reconstruct probably for the first time a genuine picture of childhood in the past and it is a much more humane and optimistic picture than the current stereotype Her book contains a mass of novel and original material on child rearing practices and the relations of parents and children and sets this in the wider framework of developmental psychology socio biology and social anthropology Forgotten Children admirably fulfils the aim of its author In the face of this scholarly and elegant account of the continuity of parental care few will now be able to argue for dramatic transformations in the twentieth century
