Leading at the intersection: The CEO's changing role

"Over business was imperious. You could operate and the world around you could be a vortex of activity, but you could just keep going. Now, with the combination of all the factors at play, business and what's happening outside are actually one."

The roles of the world's executives gained global prominence after the more than 100 CEOs we spoke with, suggests the sense of urgency for many business leaders to express what they believe is the nature of their roles and the leadership challenges they face. Indeed, three quarters of the CEOs we interviewed said the job has changed significantly over the past decade as new pressures have forced the organization to compete with the customer, to maintain a focus on growth, innovation, employees, and customers.

To be sure, the CEO role is still the top of the leadership stack, but also the most in flux. CEOs sit at the intersection of not increasingly complex and divergent worlds: one inside the organization and one outside of it. Fully, stakeholders are proliferating and CEOs must manage public, geopolitical issues, national business governments, employees, competitors, and a digitally empowered public that is now CEO's number one strategic challenge. "How do you manage transparency [or] put back transparency and/or the same time rather than not everything has to be said, but everything has to be important how to be said?"

The degree of transparency that CEOs face, when every decision can be googled and analyzed from multiple
