Installation

- Do not place this apparatus near sources of vibration or heat signals. Otherwise it is exposed to dielectric stress.
- Do not place directly beneath a ceiling with an electric wiring system and do not install on a flammable ceiling.
- Do not enclose the apparatus in a cabinet or enclosure.
- Before installation, be sure to read the Samsung service center for information of you intend to install your TV in a residential area. High temperature, high humidity, high altitude, or some air motion can be 24 hours a day. In such an area, a TV can be damaged. A TV should be installed in a suitable place to prevent any damage to your TV.
- Do not expose the apparatus to blowing wind.

Mounting the TV on a wall

- If you mount a TV on a wall, follow the instructions carefully as set out in the manual book. If the wall is not mounted, the TV may be curved, and you may observe optical distortion and electronic damage to the TV.
- Consider the Samsung wall-mount kit (called "Samsung Service on Wall Kit" 1-800-SAMSUNG or 1-800-242-7447).
- Samsung Service on Wall Kit is available for any damage to the product. To purchase it, please call a Samsung service center for information.
- How can install your wall-mount kit as follows as per instruction by the kit. Before attaching the wall-mount to the wall, please check the wall. Confirm your wall-mount kit will attach to the wall. If you install the TV on a wall with a weak wall, it may fall as a result of severe pressure.

- If you install a wall-mount kit, be sure to read your Service on Wall Kit instructions.
- If you want to install a wall-mount without an adhesive for the wall using the Service on Wall Kit, be sure to use a Samsung wall-mount kit that supports the type of wall-mount kit, depending on the region and region.
- Do not mount the TV at more than 45 degrees.
- Mounting dimensions for wall-mount kit are shown on the back on the Quick Setup Guide.

Do not touch the TV screen when the TV is turned on. This may result in permanent injury to your TV.

- Do not use wires that are longer than the stands or suspension cables not longer than the VESA stands as shown in specifications. To meet that, you are using the correct design for the stand or the TV set.
- Do not use a stand that is not compatible with the VESA standard in specifications, the length of the wires may differ depending on the wall-mount specifications.
- Do not tighten them too tightly. (It could damage the product or cause the products to fall, leading to serious injury. Samsung is not liable for these risks of accidents.)
- Always hold your prepared the TV on a wall.

Preventing proper ventilation for your TV

- When you install your TV on a wall, you should maintain a distance of at least 5 inches (12.7 cm) between the Quick Setup Guide as the minimum for safe, correct wiring and 1) to secure proper ventilation. Failure to maintain proper ventilation may result in a fire and damage the product caused by an increase in the room temperature.
- If you install your TV without a stand or wall-mount, we strongly recommend you can be provided by Samsung Service on Wall Kit. Using the provided information, you can install the TV on a wall with a weak wall. It may fall as a result of severe pressure by the product falling.

Before Reading This User Manual

This TV comes with a User Manual and an enclosed Quick Setup Guide. To read the Samsung User Manual, go to www.samsung.com, you can download the manual and you can contact your PC or mobile phone.

Power

- Do not use the TV with a power supply or plug in beyond the TV's voltage and capacity. It may cause fire or electric shock. Refer to the power specifications section of the manual and the power supply label on the product for voltage and language information.
- Power supply cords should be placed so that they are not likely to be caught or pulled into any power outlet or electrical equipment. In particular, when there is a fire or electrical short-circuit, they should be quickly removed from the outlets. They should be quickly removed from the outlets if they catch fire or if they melt from the outlets.
- Never use anything metallic into the open parts of the apparatus. This may cause electric shock.
- Do not use the TV with a power supply or plug in beyond the TV's voltage and capacity. It may cause fire or electric shock. Refer to the power specifications section of the manual and the power supply label on the product for voltage and language information.

- If you use the TV with a power supply or plug in beyond the TV's voltage and capacity, it may cause fire or electric shock. Refer to the power specifications section of the manual and the power supply label on the product for voltage and language information.
- If you use the TV with a power supply or plug in beyond the TV's voltage and capacity, it may cause fire or electric shock. Refer to the power specifications section of the manual and the power supply label on the product for voltage and language information.
- If you use the TV with a power supply or plug in beyond the TV's voltage and capacity, it may cause fire or electric shock. Refer to the power specifications section of the manual and the power supply label on the product for voltage and language information.
- If you use the TV with a power supply or plug in beyond the TV's voltage and capacity, it may cause fire or electric shock. Refer to the power specifications section of the manual and the power supply label on the product for voltage and language information.

Preventing the TV from falling

- Using the appropriate stand, suspension stand or brackets to the wall. Confirm the instructions are fully adhered to the wall.
 - This may need additional support to hold it safely depending on the type of wall.
- Using the appropriate stand, suspension stand or brackets to the wall.
 - For the correct specifications, refer to the Quick Setup Guide.
- Always use a stand that is not longer than the VESA stands as shown in specifications.

Precautions when installing the TV with a stand

When you install the TV with a stand, you should place the stand on the back of the TV. If you place the stand on the front of the TV, it may fall as a result of severe pressure by the product falling.
