Landforms Salt Cellar

Today is your lucky day! Do you know why? Because you get to create a landforms salt cellar and play it! It's amazing.

You know how to make salt cellars in general, so here are the specifics for this one:

- You will write 8 questions and answers about landforms using the landforms from the Extraordinary List of Lovely Landforms.
- The 8 landforms should all be from **one** of the categories you started the landforms into with your group. Get it? All 8 from one group.
- You will draw one large image and four small images. Your images can be of any landforms you wish, and they **don't** need to match the landforms you choose for your questions and answers.
- Follow the pattern in the picture below. Pay careful attention: the direction of the image and text matter. Follow the orientation as shown in the image, or you will be sad.
- Be sure to write your name on the back of your salt cellar.

Rigor and Differentiation in the Classroom Barbara R. Blackburn, 2018-06-14 Learn how to differentiate instruction while maintaining a rigorous learning environment. In this practical book, rigor expert Barbara R. Blackburn shows that the differentiated classroom doesn't mean extra work for top students and easy work for others. Instead, you can have high expectations for all students and provide scaffolding so that everyone can reach success. She also addresses many of the greatest concerns teachers have about implementing differentiated instruction, including: How to manage your time so that you can create lessons, find resources, and grade assignments for students working at different levels; How to balance differentiated instruction and teaching standards; How to ensure rigor at all tiers of instruction; How to collaborate with teachers and other faculty members; How to differentiate homework and other out of class assignments; How to explain differentiated instruction to parents and families. And more. Each chapter includes practical tools and activities that you can use immediately to bring all students to higher levels of achievement. Many of these tools are available as eResources and can be downloaded for free from the book's product page.

www.routledge.com/9780815394471 *Differentiation for Gifted Learners* Diane Heacox, Richard M. Cash, 2020-10-21
Revised and updated edition helps educators increase rigor and depth for all advanced and gifted learners to fulfill their potential. With increasing numbers of students receiving gifted services every year, it's more important than ever for differentiated instruction to go beyond adjusting content levels, task complexity, or product choice; it must truly challenge and support learners on all levels: academic, social, and emotional. This award-winning resource in the field of gifted education has been revised and updated to include a discussion of underserved learners, particularly English language learners, students with autism spectrum disorder (ASD), and economically disadvantaged students; updated information on learning standards, MTSS, and universal screening; new guidelines for honors courses; a focus on scholarly questioning, ethics, and empathy; a novel new strategy to increase curricular depth and complexity; information on learning orientations; new research on neurological differences of gifted learners; the pros and cons of co-teaching and how to assess its progress; new tools to increase achievement; plus a discussion of underlearning, the benefits of coaching, and lesson study. The authors' perspectives on and guidelines for grading are included. Downloadable digital content includes customizable reproducible forms and a PDF presentation. A free PLC Book Study Guide for use in professional development is also available.
