Integrating Values with Communication Arts , L2 Writing Development: Multiple Perspectives Rosa Manchón, 2012-04-26 The aim of this pioneering volume is to advance our understanding of written language learning in instructed SLA by offering a collection of empirical studies in which the contribution of diverse theoretical perspectives to our understanding of L2 writing development will be explored. As such, the book represents a further attempt to situate written language learning at the core of applied linguistics research in general and SLA research in particular, hence attempting to redress the oral bias of theoretical and empirical work in these fields. It adds a further building block onto recent TESOL initiatives aimed at understanding development in second and foreign language learning. Continuity from one chapter to another is provided by adherence to a consistent chapter model. The volume will be of great interest to academics in the disciplines of second foreign language acquisition, SLA, and second foreign language L2 writing.

Developing Student Criticality in Higher Education Brenda Johnston, Peter Ford, Rosamond Mitchell, Florence Myles, 2011-03-24 Critical thinking is a major and enduring aspect of higher education and the development of criticality in students has long been a core aim. However, understandings of criticality are conceptually and empirically unclear. The book combines a well-developed conceptual discussion of the nature of criticality appropriate for the twenty-first century, the extent to which it is attainable by arts and

social science undergraduates and the paths by which it is developed during students higher education experiences Drawing upon empirical accounts and case studies of teaching and learning in different disciplines this book critically analyses higher education curriculum and policy documentation to explore higher educational processes encouraging a re evaluation of practice and educational values and enabling the development of curricula which incorporate systematic attention to the development of student criticality This book proposes a rounded conceptual vision of criticality in higher education for the twenty first century *Comprehensive Problem-Solving and Skill Development for Next-Generation Leaders* Styron, Jr., Ronald A., Styron, Jennifer L., 2017-01-06 Effective leadership and management create significant impacts upon any organization in the modern business realm To maintain competitiveness and success those in leadership roles must develop new and dynamic initiatives to solve problems that arise Comprehensive Problem Solving and Skill Development for Next Generation Leaders is a critical reference source for the latest academic research on the implementation of innovative qualities strategies and competencies for effective leadership and examines practices for determining solutions to business problems Highlighting relevant coverage on facilitating organizational success such as emotional intelligence technology integration and active learning this book is ideally designed for managers professionals graduate students academics and researchers interested in research based strategies for obtaining organizational effectiveness
