

Better cleaning, less noise

The compact design and high manoeuvrability allow the CA 240/CA 330 to operate with equal efficiency in congested areas such as classrooms, kitchens and canteens.

The secrets to the efficiency of these units lie in the high brush pressure – ten times greater than with conventional machines, and the two 650 rpm contra-rotating brushes. The result is that even the dirtiest floors can be thoroughly cleaned with the minimum time and effort. The two counter-rotating brushes ensure that floors are left clean and dry ready for immediate use.

- Low noise level
- Only compact machines to combine performance and with all surface versatility
- Aluminium chassis and stainless steel fittings ensure durability
- Options include tank to increase capacity and trolley for easy transport

Exceptional brush pressure,
up to 0.25kg/cm²

All tanks are accessible
and removable for easy
emptying, solution change
and cleaning
