The Glock Exotic Weapons System Anonymous,2001-07-01

Shooters prize the semiautomatic Glock for its reliability and ease of use But what many may not know is that with a few scraps of metal and some simple hand tools the amateur tinkerer can convert any Glock to full automatic The conversion design detailed in this book allows properly licensed individuals to transform a regular semiauto pistol into one that delivers selective fire operation without altering the major components of the gun such as the receiver frame or slide Step by step instructions professionally prepared technical illustrations of weapon functions in semi and full auto combined with high quality photos showing the modified factory components and their proper relationships with the full auto conversion parts allow the reader to clearly see and understand how the whole system works Warning Actual construction of the weapon described in this book may be illegal under federal state and local laws All BATF rules apply and the BATF actively pursues and prosecutes anyone who violates federal gun statutes Therefore this book is for academic study only
