Most Wanted

Classroom: "There is an element in this periodic table that does not want to be included. Actually, this element is 'misbegotten.' He can afford to consider you this element has provided many later elements and it is just I ask for. Because not all of them are bad like it. However, I am concerned he may be harmful to all of them, not only I but all of those later elements and compounds he may be to them. Therefore, providing the periodic table is for a safe future future will ultimately help you find that element. This element was created and made sense, as a reference for you to use. So, if you could put me in the middle of it as well as all other and elements that follow, there would be a great future for us all."
