PISA Reading for Change: Performance and Engagement across Countries Results from PISA 2000

OECD,2002-11-19 Following the initial report on the results of the first PISA survey this report looks more closely at performance in reading *Handbook of Individual Differences in Reading* Peter Afflerbach,2015-08-11 The central unifying theme of this state of the art contribution to research on literacy is its rethinking and reconceptualization of individual differences in reading Previous research focused on cognitive components of reading signaled the need for ongoing work to identify relevant individual differences in reading to determine the relationships of individual differences to reading development and to account for interactions among individual differences Addressing developments in each of these areas this volume also describes affective individual differences and the environments in which individual differences in reading may emerge operate interact and change The scant comprehensive accounting of individual differences in reading is reflected in the nature of reading instruction programs today the outcomes that are expected from successful teaching and learning and the manner in which reading development is assessed An important contribution of this volume is to provide prima facie evidence of the benefits of broad conceptualization of the ways in which readers differ The Handbook of Individual Differences in Reading moves the field forward by encompassing cognitive non cognitive contextual and methodological concerns Its breadth of coverage serves as both a useful summary of the current state of knowledge and a guide for future work in this area *PISA 21st-Century Readers Developing Literacy Skills in a Digital World*

OECD,2021-05-04 Literacy in the 21st century is about constructing and validating knowledge Digital technologies have enabled the spread of all kinds of information displacing traditional formats of usually more carefully curated information such as encyclopaedias and newspapers *Improving Reading and Reading Engagement in the 21st Century* Clarence Ng,Brendan Bartlett,2017-05-31 This book presents cutting edge research findings in areas critical to advancing reading research in the 21st century context including new literacies reading motivation strategy instruction and reading intervention studies While students reading performance is currently receiving unprecedented attention there is a lack of research that adopts an international perspective and draws on research expertise from different parts of the world to present a concerted effort discussing key research models and findings on how to improve reading education Addressing this gap in the literature the book also responds to the challenge of promoting higher levels of literacy and supporting and developing readers who can enjoy and critique texts of every genre **Motivation for Reading: Individual, Home, Textual, and Classroom Perspectives** Allan Wigfield,John T. Guthrie,2013-12-16 Based on research from the National Reading Research Center NRRRC at the Universities of Georgia and Maryland this issue presents the contributors synthesized work on reading motivation and engagement Articles are devoted to the following topics the general motivation constructs

related to reading home influences on reading motivation readers responses to different types of text influences of classroom contexts and types of assessment on children s motivation *Touch Screen Tablets Touching Children's Lives* Joanne Tarasuik, Gabrielle Strouse, Jordy Kaufman, 2018-02-28 Touch screen tablets have greatly expanded the technology accessible to preschoolers toddlers and even infants given that they do not require the fine motor skills required for using traditional computers Many parents and educators wish to make evidence based decisions regarding young children s technology use yet technological advancements continue to occur faster than researchers can keep up with Accordingly despite touch screen tablets entering society more than 5 years ago we are in the infancy of research concerning interactive media and children The topic has gained traction in the past couple of years For example theoretical papers have discussed how interactive media activities differ from physical toys and passive media Christakis 2014 and how educational apps development should utilise the four pillars of learning Hirsh Pasek et al 2015 Yet there has been little experimental research published on young children and touch screen use *Handbook of Reading Research* Michael L. Kamil, P. David Pearson, Elizabeth Birr Moje, Peter Afflerbach, 2011-03-17 The Handbook of Reading Research is the research handbook for the field Each volume has come to define the field for the period of time it covers Volume IV brings the field authoritatively and comprehensively up to date *The Bloomsbury Handbook of Reading Perspectives and Practices* Bethan Marshall, Jackie Manuel, Donna L. Pasternak, Jennifer Rowsell, 2020-10-15 Shortlisted for the UK Literacy Association s Academic Book Award 2021 The Bloomsbury Handbook of Reading Perspectives and Practices focuses on the experiences of reading from a young age to maturity and the different ways reading is encountered in other words the processes involved as well as the outcomes The international group of experts within both teaching and academia focuses on reading in school how is it taught What is taught How is it assessed Controversial issues are explored the acquisition of phonics teaching the canon including or ignoring digital texts the advent of standards based tests The contributions also consider people s biographies of reading their memories of reading in school and their current views on literature Together this well edited volume provides a more complete view of reading than is currently on offer exploring all aspects of what it means to be literate and how we define being literate *PISA 2009 Results: Learning to Learn Student Engagement, Strategies and Practices (Volume III)* OECD, 2010-12-07 This volume of PISA 2009 results examines 15 year olds motivation their engagement with reading and their use of effective learning strategies *Handbook of Student Engagement Interventions* Jennifer A. Fredricks, Amy L. Reschly, Sandra L. Christenson, 2019-05-04 Handbook of Student Engagement Interventions Working with Disengaged Students provides an understanding of the factors that contribute to student disengagement methods for identifying students at risk and intervention strategies to increase student engagement With a focus on translating research into best practice the book pulls together the current research on engagement in schools and empowers readers to craft and implement interventions Users will find reviews on evidence based academic behavioral social mental health and community based

interventions that will help increase all types of engagement The book looks at ways of reducing suspensions through alternative disciplinary practices the role resiliency can play in student engagement strategies for community and school collaborations in addressing barriers to engagement and what can be learned from students who struggled in school but succeeded later in life It is a hands on resource for educators school psychologists researchers and students looking to gain insight into the research on this topic and the strategies that can be deployed to promote student engagement Presents practical strategies for engagement intervention and assessment Covers early warning signs of disengagement and how to use these signs to promote engagement Reviews contextual factors families peers teachers related to engagement Focuses on increasing engagement and school completion for all students Emphasizes multidimensional approaches to disengagement

Leveled Reading, Leveled Lives Timothy Shanahan, 2025-07-28 An engaging and evidence based examination of how reading instruction has been misinterpreted and misapplied for decades and how to right the course to improve reading skills for all students In Leveled Reading Leveled Lives leading literacy expert Timothy Shanahan curates a lively tour of the history of reading instruction in the United States arguing that the most popular reading instruction method is failing students and suppressing their literacy achievement He breaks down the reasons why teachers and researchers alike have favored this accepted wisdom known as instructional level theory in US schools over the past five decades and presents a compelling case for a new way forward that will bolster

students reading skills Today it s not uncommon to find students in a fourth grade classroom reading books suitable for third second or even first graders Teachers suggest books to students at their deemed instructional levels but how these instructional levels are determined is suspect With a comprehensive critical analysis of instructional level pedagogy Shanahan exposes its shaky foundations and shows how faulty research findings have become so entrenched He gathers an extensive body of research studies that overwhelmingly contradict the instructional level theory and offers an evidence based consideration of how educators must instead use grade level reading to bring about maximum learning gains This seminal book concludes with practical advice for implementing grade level reading instruction including detailed descriptions of the types of instruction and scaffolding needed to increase students reading achievement from teaching decoding and challenging texts to scaffolding reading to maintaining motivation Shanahan asserts that a better approach can ensure that all students have an opportunity to leave high school with reading abilities commensurate with their personal social civic and economic goals

Resources in Education ,1997-07 **The Reading Lives of Teens** Chin Ee Loh,2024-11-04 In these changing times of global flows of media and technologies and reports of declining reading enjoyment researchers policymakers and educators need to engage anew with essential issues of what counts as reading what kinds of reading matter and how to support teen reading engagement in school and out of school settings Bringing together contributions from well known and emerging adolescent literacy researchers from different disciplinary perspectives this edited collection consolidates contemporary research on teens volitional print and digital reading whether in school or out of school contexts The first part of the book offers overviews of what teens are reading followed by chapters on community support on reading and new ways of researching teen reading With chapters from North America Europe Australia Asia and the Middle East the collection will offer multifaceted and complex insights into what how and why teens read in different contexts Reflection questions at the end of each chapter encourage readers to consider how the research can be applied in their own research policy and practice contexts This book will be of interest to researchers policymakers and educators who are invested in supporting adolescent engaged reading with evidence based policies and strategies
