Cross-Cultural Management Revisited

Philippe d'Iribarne, Sylvie Chevrier, Alain Henry, Jean-Pierre Segal, Geneviève Tréguer-Felten, 2020-04-04 Drawing on thirty years of empirical research this book reveals the diversity of managerial practices that may be observed throughout the world even in places where companies are using management methods that appear identical Using data from over fifty countries it presents a new theoretical approach to cultural diversity whereby culture is considered a filter through which people understand reality and give it meaning This interpretative perspective reminds us that interactions within organizational contexts are primarily social and thus conceived differently from one culture to another This is fundamental to our understanding of the challenges of globalization and the powerful forces that foster the international homogenization of
