ISIS Beyond the Spectacle Mehdi Semati,Piotr M. Szpunar,Robert Alan Brookey,2020-04-02 What is ISIS A quasi state A terrorist group A movement An ideology As ISIS has transformed and mutated gained and lost territory horrified the world and been its punch line media have been central to understanding it The changing yet constant relationship between ISIS and the media as well as its adversaries dependency on media to make sense of ISIS is central to this book More than just the images of mutilated bodies that garnered ISIS its initial infamy the book considers an ISIS media world that includes infographics administrative reports and various depictions of a post racial utopia in which justice is swift and candy is bought and sold with its own currency The book reveals that the efforts of ISIS and its adversaries to communicate and make sense of this world share modes of visual aesthetic and journalistic practice and expression The short tumultuous history of ISIS does not allow for a single approach to understanding its relation to media Thus the book s contributions are to be read as contrapuntal analyses that productively connect and disconnect providing a much needed complex account of the ISIS media
