horrendous evil even the most pious believer may question not only life's worth but also God's power and goodness A distinguished philosopher and a practicing minister Marilyn McCord Adams has written a highly original work on a fundamental dilemma of Christian thought how to reconcile faith in God with the evils that afflict human beings Adams argues that much of the discussion in analytic philosophy of religion over the last forty years has offered too narrow an understanding of the problem The ground rules accepted for the discussion have usually led philosophers to avert their gaze from the worst horrendous evils and their devastating impact on human lives They have agreed to debate the issue on the basis of religion neutral values and have focused on morals an approach that Adams claims is inadequate for formulating and solving the problem of horrendous evils She emphasizes instead the fruitfulness of other evaluative categories such as purity

and defilement honor and shame and aesthetics If redirected philosophical reflection on evil can Adams s book demonstrates provide a valuable approach not only to theories of God and evil but also to pastoral care Essence and Energies: Being and Naming God in St Gregory Palamas Tikhon Pino,2022-10-03 St Gregory Palamas ca 1296 1357 is among the most well known and celebrated theologians of late Byzantium This book provides a comprehensive account of the essence energies distinction across his twenty five treatises and letters written over a twenty year period An Athonite monk abbot and later Metropolitan of Thessalonica Gregory is remembered especially for his distinction between God s essence and energies and his celebrated doctrine still generates a great deal of debate What does Palamas actually mean by the term energies Are they activities that God performs and if so how can they be eternal and uncreated Indeed how could God be simple if he possesses energies distinct from his essence Going beyond the Triads and the One Hundred and Fifty Chapters this book explores Palamas s answers to these long standing questions by analyzing all of the treatises produced by Palamas between the years 1338 and 1357 It seeks to understand what Palamas means when he speaks of God s energies how he seeks to prove that they are distinct from the divine essence and how he explains that this distinction in no way violates the unity and simplicity of the one God in Trinity Essence and Energies is a useful resource for upper level undergraduates postgraduates and scholars interested in Byzantine theology in the fourteenth century Asian and Pentecostal Allan Anderson,Edmond Tang,2005 Provides a thematic discussion and case studies on the history and development of Pentecostal and Charismatic churches in the countries of South Asia South East Asia and East Asia **Maximus the Confessor and Evolutionary Biology** Andrew P. Jackson,2024-11-04 This book brings Maximus the Confessor s logoi doctrine into dialogue with modern day evolutionary biology It explores the extent to which the logoi as described by Maximus exhibit features that are concordant with evolution before going on to consider more discordant aspects that cannot be ignored The author addresses the curious resonance between the logoi and evolution in a systematic way through a close reading of primary textual material allied with a deep understanding of both the classical Darwinian and extended evolutionary syntheses The study joins with other Maximian interpreters in attesting to the incarnational and theophanic nature of the logoi but seeks to extend this distinctively Eastern Christo cosmology into the problematic territory of biological evolution a territory historically dominated by Western scholarship The book will be of interest to scholars of religion and science as well as Patristics and the Eastern Orthodox theological traditions NOTES ON THE EPISTLES OF ST PAUL J. B. LIGHTFOOT,2024-05-13 We did not include the introduction Only the notes verse by verse are included We now have a table of contents for each verse We have added Greek English Interlinear so English readers with little knowledge of Greek can follow Lightfoot s exposition of the Greek text This book has been considered by academicians and scholars of great significance and value to literature This forms a part of the knowledge base for future generations So that the book is never forgotten we have represented this book in pdf and epub formats in the same form as it was originally first published in 1888

For the first time doctrines were organized into a single creed The Nicene and Post Nicene Fathers did most of their writing during and after this important event in Church history Unlike the previous era of Christian writing the Nicene and Post Nicene era is dominated by a few very important and prolific writers In Volume IV of the 14 volume collected writings of the Nicenes and Post Nicenes first published between 1886 and 1889 readers will find Augustines writings defending the Catholic church against the Manichaeans and the Donatists Manichaeism was a religion developed in Persia by the prophet Mani According to this religion creation has two parts darkness and light Light is God and has ten attributes Opposing this and coeternal with it is darkness and its five attributes Saint Augustine was originally a Manichaean so his defense of Christianity against this religion comes from a deep understanding of its nature Donatists were a group of believers who refused to forgive those who had renounced their faith during a time of persecution which caused a schism in Christianity In opposing these men Augustine attempted to mend the rift Those with an interest in ancient religions will find Augustines writings on Manichaeism one of the most important historical records of that religions practices
