The Lakeside Annual Directory of the City of Chicago, 1876 **Problems of Communism**, 1977 **Polk's Crocker-Langley San Francisco City Directory**, 1900 The Eagle and the Peacock Srinivas M. Chary, 1995-03-21 This work is a study of American foreign policy toward India since 1947 It examines the roles that the United States has played on the South Asian stage during the 45 years that constitute the history of the Cold War In contrast to the interest that Cold War historians have displayed toward such areas as Europe and the Far East little has been done with regard to India Many Indian analyses consist largely of clichés and stereotypes and adopt an intensive tone of moral judgement With the end of the Cold War in the 1990s the need for this study is more compelling since the politics of the Cold War had so greatly shaped Indo American relations from the beginning of modern India's independence **Revenants of the German Empire** Sean Andrew Wempe, 2019 Framed by the 1919 Treaty of Versailles the formation of the League of Nations Mandates System the 1925 Locarno Conference and the Manchurian Crisis of the early 1930s *Revenants of the German Empire* Colonial Germans Imperialism and the League of Nations explores the adaptiveness of German colonists after the loss of the German colonies following the First World War Ronald Reagan and His Quest to Abolish Nuclear Weapons Paul Lettow, 2006-02-14 In *Ronald Reagan and His Quest to Abolish Nuclear Weapons* Paul Lettow explores the depth and sophistication of President Ronald Reagan's commitment to ridding humankind permanently of the threat of nuclear war Lettow's narrative spans the start of Reagan's presidency and the 1986 Reykjavik summit between Reagan and Soviet leader Mikhail Gorbachev during which America's Strategic Defense Initiative SDI was a defining issue Lettow reveals SDI for what it was a full on assault against nuclear weapons waged as much through policy as through ideology While cabinet members and advisers played significant roles in guiding American defense policy it was Reagan himself who presided over every element large and small of this paradigm shift in U S diplomacy Lettow conducted interviews with several former Reagan administration officials and he draws upon the vast body of declassified security documents from the Reagan presidency much of what he quotes from these documents appears publicly here for the first time The result is the first major work to apply such evidence to the study of SDI and superpower diplomacy This is a survey that doesn't merely add nuance to the existing record but revises our very understanding of the Reagan presidency *Soviet-American Relations, 1953-1960* Victor Rosenberg, 2015-01-24 Dwight D Eisenhower and Nikita Khrushchev presided over a pivotal period in Soviet American relations The ongoing Korean War and the lack of an American ambassador in Moscow illustrate the strain in Soviet American relations at the start of Eisenhower's presidency but things changed after Stalin died only 44 days later Stalin's successors began to liberalize both domestic and foreign policy in what became known as the Thaw There was an increase in diplomatic exchanges including the first modern summit conferences Of even greater importance the Soviet leaders began to reestablish the scientific cultural and tourist contacts that had been broken under Stalin Because political and ideological tensions remained and there were still

restrictions on contacts the Soviet overtures can best be described as a half offered hand of friendship and perhaps it was less of a thaw than the end of a blizzard Nevertheless these contacts began a process which would help end the Cold War three decades later This history of relations between the Soviet Union and the United States during the Eisenhower and Khrushchev administrations explores political social and cultural exchanges and assesses their impact upon the two countries Besides diplomatic documents memoirs from Americans and Soviets and works of history it relies upon eyewitness accounts by journalists tourists and others to paint a detailed picture of the era Notes are included for each chapter and there is a bibliography and an index Crocker-Langley San Francisco Directory ,1909 **The Providence House Directory and**

Family Address Book ,1899 *Foreign Political Engagement* D. Geldenhuys,2016-07-27 The 1990s have witnessed several major external initiatives to reshape the domestic political arrangements of countries Because these have been collective foreign ventures usually with the active collaboration of the target countries the term intervention is ill suited Instead Deon Geldenhuys introduces the notion of foreign political engagement to describe international attempts at remaking countries in the image of the West South Africa Kenya Somalia Russia Cambodia El Salvador and Haiti serve as case studies to demonstrate this important theoretical rethinking of international relations today *Afghan Resistance* Grant M. Farr,2019-03-13 The people of Afghanistan stand at a crossroads with resistance to the Soviet occupation entering its eighth year The question of survival must be weighed against the difficult political choices of fighting or reaching an accommodation with the Soviet backed Kabul regime The vast majority choose to continue the struggle aided in part by covert arms shipments and to search for a uniquely Afghan nationalism despite rumors of an impending USSR U S deal whereby in return for Soviet troop withdrawal and cessation of arms aid to the Mujahideen Afghanistan and Pakistan would become neutral Muslim nations Drawing on Afghan cultural and historical background this collection of original essays provides fresh insights into the nature of the Afghan conflict the country s threatened national infrastructure the continuing decimation of its citizens and the prospects for their survival Showing that popular resistance is not limited to the Mujahideen or freedom fighters but encompasses the Afghan people as a whole the contributors examine the impact of the world s largest refugee population on the shape of the future Afghanistan Based on their extensive firsthand experience in the region the contributors provide an interdisciplinary analysis of a country a people and a war still too little known to the outside world

Warmonger Jeremy Kuzmarov, 2023-12-01

During the 2016 presidential election many younger voters repudiated Hillary Clinton because of her husband's support for mass incarceration banking deregulation and free trade agreements that led many U S jobs to be shipped overseas Warmonger How Clinton's Malign Foreign Policy Launched the Trajectory from Bush II to Biden shows that Clinton's foreign policy was just as bad as his domestic policy Cultivating an image as a former anti Vietnam War activist to win over the aging hippie set in his early years as president Clinton bombed six countries and by the end of his first term had committed U S troops to 25 separate military operations compared to 17 in Ronald Reagan's two terms Clinton further expanded America's covert empire of overseas surveillance outposts and spying and increased the budget for intelligence spending and the National Endowment for Democracy NED a CIA offshoot which promoted regime change in foreign nations The latter was not surprising because according to CIA operative Cord Meyer Jr Clinton had been recruited into the CIA while a Rhodes Scholar at Oxford and as Governor of Arkansas in the 1980s he had allowed clandestine arms and drug flights to Nicaraguan counter revolutionaries Contras backed by the CIA to be taken from Mena Airport in the western part of the state Rather than being a time of tranquility when the U S failed to pay attention to the gathering storm of terrorism as New York Times columnist David Brooks frames it the Clinton presidency saw rising tensions among the U S China and Russia because of Clinton's malign foreign policies and U S complicity in terrorist acts In so many ways Clinton's presidency set the groundwork for the disasters that were to follow under Bush II Obama Trump and Biden It was Clinton building off of Reagan who first waged a War on Terror ridden with double standards one that adopted terror tactics including extraordinary rendition bombing and the use of drones It was Clinton who cried wolf about human rights abuses and the need to protect beleaguered peoples from genocide to justify military intervention in a post Cold War age And it was Clinton's administration that pressed for regime change in Iraq and raised public alarm about the mythic
