## **Navy Financial Management Policy Manual:**

**Financial Management in the Navy**, 1984 *Financial Management Regulation* United States. Assistant Secretary of Defense (Comptroller), 1995 **2018 Fiscal Law Deskbook** United States Army, 2019-07-10 A The Appropriations Process 1 U S Constitution Art I 8 grants Congress the power to lay and collect Taxes Duties Imposts and Excises to pay the Debts and provide for the common Defence and general Welfare of the United States 2 U S Constitution Art I 9 provides that N o Money shall be drawn from the Treasury but in Consequence of Appropriations made by Law B The Supreme Court s Fiscal Philosophy The established rule is that the expenditure of public funds is proper only when authorized by Congress not that public funds may be expended unless prohibited by Congress United States v MacCollom 426 U S 317 1976 **Financial Management Regulation: Nonappropriated funds policy and procedures** United States. Assistant Secretary of Defense (Comptroller), 1994 **United States Government Organization Manual**, 1991 The United States Government Manual, 1994 **The United States Government Manual** United States. Office of the Federal Register, 1981 List of Training Manuals and Correspondence Courses United States. Naval Education and Training Command, 1986 **List of Training Manuals and Nonresident Training Courses** United States. Naval Education and Training Command, 1986 **National Defense Budgeting and Financial Management** Philip J. Candreva, 2017-05-01 The U S Department of Defense accounts for over half of federal government discretionary spending and over 3% of GDP Half of all federal employees work for the Department The annual budget for the military not only provides for those salaries it covers the baseline and wartime operating expenses of the force and hundreds of billions of dollars of investment in new capabilities and technologies Given the materiality of the defense function and amount of resources it consumes the processes for budgeting for defense and managing the funds is important to understand This text provides a fully integrated view of defense budgeting It takes the position that defense budgeting is a specific instance of public budgeting and public budgeting is a specific instance of public policy In order to fully understand how the nation budgets for defense it first lays a theoretical and conceptual foundation for public policy and public budgeting That is followed by an assessment of the political and policy context for defense including the overarching federal budget process and role of Congress in setting defense policy Only then does the text explore the specifics of defense budgeting how by whom and why the budget is crafted Beyond the topic of budgeting formulating requesting and legitimating the request for funds the book tackles financial management topics Included are discussions of federal appropriations law funds management accounting requirements intragovernmental business transactions and contemporary topics of defense policy such as funding overseas contingency operations in an era of deficit control legislation This book is an appropriate reference for both students and practitioners of defense budgeting and financial management It would also be appropriate in a general public budgeting course Most public budgeting texts focus on state and municipal governments and there are few that address the federal system This book fills

that gap and provides a specific example of federal budgeting      **DoD Financial Management** Paula M. Rascona, 2009-03
