When Nobody's Looking Louise Tondreau-Levert, 2005 When their exhausted parents are not looking the children get into trouble by playing tricks having a pillow fight and misplacing the dog Nobody's Perfect Annabel M. Patterson, Professor Annabel Patterson, 2002-01-01 Is history driven more by principle or interest Are ideas of historical progress obsolete Is it unforgivable to change one's mind or political allegiance Did the eighteenth century really exchange the civilizing force of commercial advantage for political conflict In this new account of liberal thought from its roots in seventeenth century English thinking to the end of the eighteenth century Annabel Patterson tackles these important historiographical questions She rescues the term whig from the low regard attached to it denies the primacy of self interest in the political struggles of Georgian England and argues that while Whigs may have strayed from liberal principles on occasion nobody's perfect nevertheless many were true progressives In a series of case studies mainly from the reign of George III Patterson examines or re examines the careers of such prominent individuals as John Almon Edmund Burke Sir Joshua Reynolds Thomas Erskine and at the end of the century William Wordsworth She also addresses a host of secondary characters reshaping our thinking about both well known and lesser figures of the time Tracking a coherent sustained and adaptable liberalism throughout the eighteenth century Patterson overturns common assumptions of political cultural and art historians The author delivers fresh insights into the careers of those who called themselves Whigs their place in British political thought and the crucial ramifications of this thinking in the American political arena Book jacket **Nobody's People** Anastasia Piliavsky, 2020-11-24 What if we could imagine hierarchy not as a social ill but as a source of social hope Taking us into a caste of thieves in northern India Nobody's People depicts hierarchy as a normative idiom through which people imagine better lives and pursue social ambitions Failing to find a place inside hierarchic relations the book's heroes are nobody's people perceived as worthless disposable and so open to being murdered with no regret or remorse Following their journey between death and hope we learn to perceive vertical non equal relations as a social good not only in rural Rajasthan but also in much of the world including settings stridently committed to equality Challenging egalitarian normative commitments Anastasia Piliavsky asks scholars across the disciplines to recognize hierarchy as a major intellectual resource When Nobody's Listening Diamant Salihu, 2025-04-07 In a quiet little town in northern France an improbable sequence of events takes place which will go on to transform completely the struggle against organised crime in Europe It all starts when the French cybercrime police hacks into an encrypted service called Encrochat suddenly anonymity crumbles and murder contracts and drug deals become visible on the screen Police are able to follow communications between drug couriers gang leaders and teenage hitmen in real time To save lives the police must respond quickly but must also be careful not to reveal that they're listening In As unexpected arrests of criminals grow increasingly frequent criminal networks come into view with nodes dotted all across Europe all prepared to do whatever it takes to gain control of the drug trade One name in particular
