Environmental Science Information Center. Library and Information Services Division,1977 Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1972 *Hooked on Growth* Douglas E. Booth,2004-05-03 This accessible and provocative book explores whether getting unhooked from economic growth to meet the needs of the environment is possible Although giving the environment priority over growth may seem radical the author argues that it can be accomplished using marketable emissions allowances transferable development rights and other tools popular with conventional economists It can also be achieved by creating more interesting and environmentally friendly urban landscapes less beholden to the automobile The key problem will be ensuring that everyone who wants employment can find it This will require a transition to a shorter workweek the wistful goal of many a harried worker More leisure a higher quality environment and more attractive cities and towns are the potential rewards of a less consumption oriented society Yet how can the power of special interests be overcome in the name of environmental conservation This is the author s critical final question as he offers a clear path to a sustainable economic and environmental future *Beyond Banned Books* Kristin

Corporate Designing Religion Graham Wiseman, 2023-10-18
 Design professionalism interwoven with strategic marketing skills and advances in the technologies of digital communication are changing the interface and conceivably the future image of religious institutions How and to what extent does corporate design influence the identity of religious institutions in the digital era Six denominational case studies including multifaith in Europe were investigated The concluding hypotheses outline principal response indicators supplemented by a Religious Branding Compass to assist in identifying the religious institutions visual identity projections

Queer Impressions Elaine Pigeon, 2013-11-05
 Beginning with *The Portrait of a Lady* this book shows how in developing his unique form of realism James highlights the tragic consequences of his American heroine s Romantic imagination in particular her Emersonian idealism In order to expose Emerson s blind spot a lacuna at the very centre of his New England Transcendentalism James draws on the Gothic effects of Nathaniel Hawthorne and Edgar Allan Poe thereby producing an intensification of Isabel Archer s psychological state and precipitating her awakening to a fuller heightened consciousness Thus Romanticism takes an aesthetic turn becoming distinctly Paterian and unleashing queer possibilities that are further developed in James s subsequent fiction This book follows the Paterian thread leading to *The Author of Beltraffio* and *Th ophile Gauthier* and thereby establishing an important connection with French culture Drawing on James s famous analogy between the art of fiction and the art of the painter the book explores a possible link to the Impressionist painters associated with the literary circle mile Zola dominated It then turns to *A New England Winter* a tale about an American Impressionist painter and finds traces leading back to James s initiation pr miere The book closes with an exploration of the possible sources of Kate Croy s unspeakable father in *The Wings of the Dove* and proposes a possible intertext one that provides direct insight into the Victorian closet
