exploitation production company that made the film and the ways it represented young people especially in terms of their association with rock n roll music and culture Providing new avenues of approaching the film the book looks at how Rock around the Clock has attracted significant scholarly attention despite its origins as a low budget production made by master exploitation filmmaker Sam Katzman It challenges accounts that see the film s young people as juvenile delinquents using instead the label cultural rebels as a signifier of youth s ability to resurrect a moribund music industry and rejuvenate a stale youth culture This book also questions the nature of the label exploitation as applied to the film by examining Columbia Pictures role as a resource provider for Katzman s film comparing Rock around the Clock to contemporaneous films with a youth focus that were produced in different industrial contexts and investigating its relationship to adaptation by asking whether the film is an example of a postliterary adaptation Rich on archival research and industrial and textual analysis Rock around the Clock will interest both film studies and youth cultures scholars *Living the Rock 'n Roll Dream Buzz*
