

NISSAN

EXCEPTIONAL. WITHOUT COMPROMISE.

FOREWORD

When Nissan introduced the first car, the Datsun 100, in 1913, it was a small, simple car. But it was a car that was built to last. And it was a car that was built to be used. It was a car that was built to be a part of your life. And it was a car that was built to be a part of your future. Today, Nissan is still building cars that are built to last. And it is still building cars that are built to be used. It is still building cars that are built to be a part of your life. And it is still building cars that are built to be a part of your future.
