Nobody's Home Dubravka Ugrešić, 2008 In her long career Ugresic has published several novels e g The Ministry of Pain but she made her name with her essay collections which have caused controversy and earned her the admiration of writers and critics abroad In these latest musings written over the course of several years Ugresic leaves no stone unturned and no thought contained doing what she does best writing about the human condition through her own experience Refusing to establish a central theme she touches upon a wide range of topics the paradox of multiculturalism metaphors as our defense against nightmares the eerie similarities between capitalism and communism and ways in which we try to rise hopelessly above our less than perfect existence Along the way she pays homage to the works of literature that have influenced her own creative process in an effort to pay a symbolic literary tax on narcissism because writing is not the humblest of vocations Perhaps not but Ugresic certainly knows how to balance being a critic with being criticized Recommended for all libraries collecting cultural criticism Mirela Roncevic Library Journal Copyright Reed Business Information a division of Reed Elsevier Inc All rights reserved

Nobody's Nation Paul Breslin, 2009-02-15 Nobody's Nation offers an illuminating look at the St Lucian Nobel Prize winning writer Derek Walcott and grounds his work firmly in the context of West Indian history Paul Breslin argues that Walcott's poems and plays are bound up with an effort to re imagine West Indian society since its emergence from colonial rule its ill fated attempt at political unity and its subsequent dispersal into tiny nation states According to Breslin Walcott's work is centrally concerned with the West Indies imputed absence from history and lack of cohesive national identity or cultural tradition Walcott sees this lack not as impoverishment but as an open space for creation In his poems and plays West Indian history becomes a realm of necessity something to be confronted contested and remade through literature What is most vexed and inspired in Walcott's work can be traced to this quixotic struggle Linking extensive archival research and new interviews with Walcott himself to detailed critical readings of major works Nobody's Nation will take its place as the definitive study of the poet

Nobody's Story Catherine Gallagher, 2023-04-28 Exploring the careers of five influential women writers of the Restoration and eighteenth century Catherine Gallagher reveals the connections between the increasing prestige of female authorship the economy of credit and debt and the rise of the novel The nobodies of her title are not ignored silenced or anonymous women Instead they are literal nobodies the abstractions of authorial personae printed books intellectual property rights literary reputations debts and obligations and fictional characters These are the exchangeable tokens of modern authorship that lent new cultural power to the increasing number of women writers through the eighteenth century Women writers Gallagher discovers invented and popularized numerous ingenious similarities between their gender and their occupation The terms woman author marketplace and fiction come to define each other reciprocally Gallagher analyzes the provocative plays of Aphra Behn the scandalous court chronicles of Delarivier Manley the properly fictional nobodies of Charlotte Lennox and Frances Burney and

finally Maria Edgeworth's attempts in the late eighteenth century to reform the unruly genre of the novel This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1996 Exploring the careers of five influential women writers of the Restoration and eighteenth century Catherine Gallagher reveals the connections between the increasing prestige of female authorship the economy of credit and debt and the rise of the novel When Nobody's Looking Louise Tondreau-Levert, 2005 When their exhausted parents are not looking the children get into trouble by playing tricks having a pillow fight and misplacing the dog **Nobody's Looking at You** Janet Malcolm, 2024-09-04 Previously uncollected essays profiles and literary criticism by a vital voice in American nonfiction an intensely original thinker The San Francisco Chronicle A New York Times Book Review Editors Choice and an NPR Staff Pick Janet Malcolm's previous collection Forty One False Starts was unmistakably the work of a master The New York Times Book Review Nobody's Looking at You again brings together previously uncompiled pieces mainly from the New Yorker and the New York Review of Books The title piece of this wonderfully eclectic collection is a profile of the fashion designer Eileen Fisher whose mother often said to her Nobody's looking at you But in every piece in this volume Malcolm looks closely and with impunity at a broad range of subjects from Donald Trump's TV nemesis Rachel Maddow to the stiletto heel wearing pianist Yuju Wang to the big league game of Supreme Court confirmation hearings In an essay called Socks the Pevensies are seen as the sort of asteroid that has hit the safe world of Russian Literature in English translation and in Dreams and Anna Karenina the focus is Tolstoy one of literature's greatest masters of manipulative techniques Nobody's Looking at You concludes with Pandora's Click a brief cautionary piece about e mail etiquette that was written in the early two thousands and that reverberates albeit painfully to this day Every word is a pleasure to read The Star Tribune Her calm brilliant essays are the perfect tonic for our troubled times Associated Press Malcolm's profiles of noted personalities are peerless when it comes to unraveling what makes people tick The Seattle Times Outstanding With no weak selections and several strikingly prescient ones this collection shows its author as a master of narrative nonfiction Publishers Weekly Nobody's Law Marc Hertogh, 2018-06-14 Nobody's Law shows how people who are disappointed disenchanted and outraged about the justice system gradually move away from law Using detailed case studies and combining different theoretical perspectives this book explores the legal consciousness of ordinary people businessmen and street level bureaucrats in the Netherlands The empirical research in this study tells an original and alternative narrative about the role of law in everyday life While previous studies emphasize the law's hegemony and argue that it's all over Hertogh shows that legal proliferation makes it harder for people to know and subsequently identify with the law As a result official law has become increasingly remote and irrelevant to many people The central finding presented in this highly topical text is that these developments signal a process

of legal alienation a gradual and mundane process with potentially serious consequences for the legitimacy of law A timely and original study this book will be of particular interest to scholars in the fields of law and society socio legal studies and legal theory

Nobody's People Anastasia Piliavsky,2020-11-24 What if we could imagine hierarchy not as a social ill but as a source of social hope Taking us into a caste of thieves in northern India *Nobody's People* depicts hierarchy as a normative idiom through which people imagine better lives and pursue social ambitions Failing to find a place inside hierarchic relations the book's heroes are nobody's people perceived as worthless disposable and so open to being murdered with no regret or remorse Following their journey between death and hope we learn to perceive vertical non equal relations as a social good not only in rural Rajasthan but also in much of the world including settings stridently committed to equality Challenging egalitarian normative commitments Anastasia Piliavsky asks scholars across the disciplines to recognize hierarchy as a major intellectual resource
