Risk General Stanley McChrystal, Anna Butrico, 2021-10-05 From the bestselling author of *Team of Teams* and *My Share of the Task* an entirely new way to understand risk and master the unknown Retired four star general Stan McChrystal has lived a life associated with the deadly risks of combat From his first day at West Point to his years in Afghanistan to his efforts helping business leaders navigate a global pandemic McChrystal has seen how individuals and organizations fail to mitigate risk Why Because they focus on the probability of something happening instead of the interface by which it can be managed In *Risk* General McChrystal offers a battle tested system for detecting and responding to risk Instead of defining risk as a force to predict McChrystal and coauthor Anna Butrico show that there are in fact ten dimensions of control we can adjust at any given time Drawing on examples ranging from military history to the business world and offering practical exercises to improve preparedness McChrystal illustrates how these ten factors are always in effect and how by considering them individuals and organizations can exert mastery over every conceivable sort of risk that they might face We may not be able to see the future but with McChrystal s hard won guidance we can improve our resistance and build a strong defense against what we know and what we don t

The Smart Investor's Survival Guide Charles Carlson, 2002-03-26 For today s shell shocked individual investors financial expert Charles B Carlson offers hands on advice on how to survive and thrive in a wildly fluctuating market The economic recession of the past year followed by the tragedy of September 11 sent a ripple of panic through investors in 2001 The market shed trillions of dollars in wealth and

hundreds of thousands of individual investors suffered substantial financial losses The volatility we experienced last year was more than a fluke argues investment expert Charles B Carlson With the ongoing changes in the economy including changes in corporate reporting laws instant availability of financial information and the ability to buy and sell stocks with the touch of a keystroke volatility is here to stay But volatility isn't necessarily a bad thing In fact Carlson argues if you know how to weather today's stormy markets investing in them can be very profitable In *The Smart Investor's Survival Guide* Carlson shows investors how to make volatility work to their advantage First he argues it is critical that investors match their investment style growth value buy and hold to the kinds of stocks they pick For long term investors Carlson recommends that a portion of their portfolio be invested in what he calls the calm eye of the storm easy hold stocks that have consistent steady growth and very low volatility Even in the terrible market downturn of 2000 when the Nasdaq lost 39 percent of its value and stocks like Lucent and Cisco saw their share price drop by 80 percent or more a number of investment sectors actually gained in value The Dow Jones index minus its technology stocks broke even In other words even in the worst markets not every stock or sector goes down Through what he calls the nine essential laws of successful investing in a volatile market Carlson reveals How to diversify the portfolios across stock sectors and investment vehicles The critical importance of matching one's investment style value growth buy and hold to the kinds of stocks one invests in The importance of easy hold no brainer stocks in a portfolio stocks that will grow 10 to 12 percent a year with minimal volatility Written by one of the most trusted names in the financial community *The Smart Investor's Survival Guide* shows investors how to master today's turbulent markets and profit from them [Consumers Guide to Cell Phones and Wireless Service Plans](#) Syngress, 2002-01-18
