Rose Arny,1998 **Wu Wei, Negativity, and Depression** Siroj Sorajjakool,2014-06-11 Discover a pastoral approach to depression that combines Eastern wisdom and Western science Wu Wei Negativity and Depression reveals a way to break the cycle of depression not by denying it or fighting it but by the ancient principle of wu wei non trying The bleak cycle of depression starts when people experience negativity They turn inward to try to find self esteem but the negativity strips all the power of self affirmation from them The gap between is and ought how they see themselves and how they want to be is too great to bridge The cycle known as self regulatory perseveration means that depressed persons are caught in a desperate fruitless search for affirmation Instead of self esteem they find self criticism and further negative thoughts Yet they keep looking and looking and looking The more they look for self worth inside the less they find and the harder they try the cycle continues When trying simply doesn't work wu wei the principle of letting go may help break that cycle When trying simply doesn't work wu wei not trying may help Wu wei is the principle of letting go By giving up on the self imposed and unattainable oughts and shoulds the depressed person stops focusing on self Wu wei breaks the cycle of negativity allowing the depressed person to begin to heal Wu Wei Negativity and Depression offers a comprehensive discussion of depression including epidemiology of depression etiology and biological causes psychosocial theories standard treatments of the past and present pastoral care of depressed persons This important book constructs a possible approach to depressed souls weary of fighting and trying to fix themselves Wu Wei Negativity and Depression can bring new hope to those who most need it

Individual Differences in Addictive Behaviors Lucy J. Troup,Young-A Lee,2024-05-29 The study of addiction draws primarily on methods and approaches to understanding treating and supporting addiction drawn from traditional approaches The foundations of which focus on responses seen across groups but often neglecting to account for the role the individual differences plays in understanding and treating addiction It is clear from the literature that there is often a lack of consensus in both understanding and treating those struggling with addiction Individual differences therefore whilst not always conforming to the accepted model for developing theoretical interpretations and practice in the field are key to successful outcomes in treating addiction *Counselling for Depression* Paul Gilbert,2000-11-13 Highly acclaimed in its First Edition

for its practical and sensitive approach *Counselling for Depression* is an insightful guide to depression and the essential interpersonal skills and techniques which can be used in counselling the depressed person Taking account of new developments in the field the Second Edition has been fully updated and features an additional chapter on interventions Paul Gilbert examines the inherent features a sense of failure abandonment powerlessness shame and guilt and highlights the fragility and negativity of the depressive state Using illustrations and case examples he traces the steps appropriate at different stages in the counselling process and shows how th
