National Aeronautics and Space Administration, 1962 **Refrigeration, Air Conditioning and Heat Pumps Technical Options Committee 2002** United Nations Environment Programme, 2003-09 The 2002 assessment report produced under the Montreal Protocol on ozone depleting substances finds that technical progress has been made by the refrigeration air conditioning and heat pump industry to comply with requirements to phase out CFCs and in several applications HCFCs as well. However, there is still a significant amount of installed refrigeration equipment still using CFCs and HCFCs and so service demand remains high and is best minimised by preventive service containment retrofit recovery and recycling *Technical Manual* United States Department of the Army, 1964 *Bibliographic Guide to Refrigeration 1965-1968* Sam Stuart, 2013-10-22 Bibliographic Guide to Refrigeration 1965-1968 is a bibliographic guide to all the documents abstracted in the International Institute of Refrigeration Bulletin during the period 1965-1968. The references include nearly 7 000 reports, articles and communications classified according to subjects and followed by a listing of books. This book is divided into 10 parts and begins with a listing of references on thermodynamics, heat transfer and other basic physical phenomena relating to refrigeration, including desiccation and measurements of temperature, humidity and pressure. The next sections are devoted to the physics of low temperatures and cryogenics, production and distribution of cold refrigerating plants, mainly in the food domain, and refrigerated transport and packaging. Other references deal with air conditioning and heat pumps and industrial, biological, medical and agricultural applications of refrigeration. The final section focuses on standards and regulations, economics and statistics and education and trade activities in the refrigeration industry. This guide is intended to assist researchers, engineers, manufacturers and operators who are in either constant or occasional contact with the refrigeration domain **Scientific and Technical Aerospace Reports** ,1995 Average Joe's RV Refrigerator D.
