

The background of the cover features a broken metal chain, possibly from a padlock, lying on a grey, textured surface. The chain is made of thick, polished metal links. A large, bold, red 'X' is superimposed over the chain, symbolizing breaking or reversing a curse. Small pieces of metal and debris are scattered around the broken links.

Shakespeare s plays be without these demonic unruly passions This book studies how the tirades and unrestrained villainy of Shakespeare s art explode the decorum and safety of our sanitized lives and challenge the limits of our selfhood Everyone knows Shakespeare to be the exemplary poet of love but how many celebrate his clarifying expressions of hatred How many of us do not at some time feel that we have come away from his plays transformed by hate and washed clean by savage indignation Saval fills the great gap in the interpretation of Shakespeare s unsocial feelings The book asserts that emotions as Aristotle claims in the Rhetoric are connected to judgments Under such a view hatred and rage in Shakespeare cease to be a blinding of judgment or a loss of reason but become claims upon the world that can be evaluated and interpreted The literary criticism of anger and hate provides an alternative vision of the experience of Shakespeare s theater as an intensification of human experience that takes us far beyond criticism s traditional contexts of character culture and ethics

The volume which is alive to the judgmental character of emotions transforms the way we see the rancorous passions and the disorderly and disobedient demands of anger and hatred Above all it reminds us why Shakespeare is the exemplary creator of that rare yet pleasurable thing a good hater      31 DAILY WAR ROOM DEVOTIONS Hlompho Phamodi,2016-04-17 I have been praying about this book for some time and I am so excited to share with you 31 of the most powerful word based spiritual warfare prayers that will turn your prayer life into a war room Yes you probably have heard of the word war room you might call it your prayer closet or quite time Breakthroughs and deliverances take place there destinies are decided there that is one place where you put the devil where he belongs and God gets His glory It is the duty of every believer to seek God for themselves The days where we wait for the pastors or prophets to give us a word from the Lord are gone the days when we let the devil ruin our lives because we cannot rebuke him are gone In this book I will be equipping you with powerful teachings scriptures and prophetic messages that you will do daily as the Lord leads you this will be your lifestyle from now on Remember a prayerful Christian is a powerful Christian Be inspired be encouraged the battle is the Lord

Goodwin,Joan R. Piggott,2018-07-31 Landed estates sh en produced much of the material wealth supporting all levels of late classical and medieval Japanese society During the tenth through sixteenth centuries estates served as sites of de facto government trade network nodes developing agricultural technology and centers of religious practice and ritual Although mostly farmland many yielded nonagricultural products including lumber salt fish and silk and provided livelihoods for craftsmen seafarers peddlers and performers as well as for cultivators By the twelfth century an estate system permeated much of the Japanese archipelago This volume examines the system from three perspectives the land itself the power derived from and exerted over the land and the religion institutions and individuals that were involved in landholding practices Chapters by Japanese

and Western scholars explore how the estate system arose developed and eventually collapsed Several investigate a single estate or focus on agricultural techniques while others survey estates in broad contexts such as economic change and maritime trade Other chapters look at how we learn about estates by inspecting documents landscape features archaeological remains and extant buildings and images how representatives of every social stratum worked together to make the land productive and conversely how cooperative arrangements failed and rivals battled one another making conflict as well as collaboration a hallmark of the system On a more personal level we follow the monk Ch gen s restoration of be Estate and his installation of a famous Amida triad in a temple he built on the premises the strategies of royal ladies J saimon in Hachij in and K kamon in as they strove to keep their landholdings viable and the murder of estate official Gor zaemon whose own neighbors killed him as a result of a much larger dispute between two powerful warrior families Land Power and the Sacred represents a significant expansion and revision of our knowledge of medieval Japanese estates A range of readers will welcome the primary source research and comparative perspectives it offers those who do not specialize in Japanese medieval history but recognize the value of teaching the history of estates will find a chapter devoted to the topic invaluable
