The No-Nonsense Guide to World Population Vanessa Baird, 2011-08-16 No Nonsense Guide to World Population 1 2 page With world population passing seven billion and predicted to hit nine billion by 2050 we are in the grip of a number panic This book explodes some of the common myths looks at what the numbers really mean and addresses nine topics such as why women in most parts of the world have fewer children what will happen to our societies as we all live longer and how having babies relates to climate change Vanessa Baird is co editor at New Internationalist magazine Her previous books include *The No Nonsense Guide to Sexual Diversity* and as compiler and editor *Eye to Eye Women* *The No-nonsense Guide to Globalization* Wayne Ellwood, 2010 Globalisation has become one of the most used and encompassing words over the past decade of undeniable influence in economics politics and activism Globalisation is literally all around every aspect of life is affected by a global structure of communication and economy This fully revised and updated guide condenses this complex subject into clear concise commentary It examines the debt trap the acceleration of neoliberalism competition for energy resources the links between the war on terror the arms trade and the alternatives to corporate control *The No-Nonsense Guide to World History* Chris Brazier, 2011-08-16 Most people s knowledge of world history is hazy and incomplete at best This updated No Nonsense Guide gives a full picture revealing the hidden histories and communities left out of conventional history books from the civilizations of Africa Asia and Latin America to the history of women The new final chapter includes material on the financial crisis and the world response to climate change Chris Brazier is co editor at New Internationalist His previous books include *Vietnam The Price of Peace* He is principal writer for UNICEF s *The State of the World s Children* report ***The No-nonsense Guide to Indigenous Peoples*** Lotte Hughes, 2003 Indigenous peoples have long suffered from exoticization Outsiders elevate their beauty remoteness and difference and do not see beyond this to the real problems they face *The No Nonsense Guide to Indigenous Peoples* looks beyond the exotic images tracing the stories of different indigenous peoples from their first and often fatal contact with explorers and colonizers Much of this history is told here by indigenous people themselves They vividly describe why land and the natural world are so special to them how it feels to be snatched from your family as a child because the government wants to make you white why they are demanding that museums must return the bones of their ancestors how can they retain their traditional culture while moving with the times and what kinds of development are positive This short guide discusses all this and more raising countless issues for debate *The No-nonsense Guide to Global Media* Peter Steven, 2003 The power and influence of the mass media grows daily crucially affecting the way all of us see and understand each other *The No Nonsense Guide to Global Media* introduces readers to the political economy of the major media film television radio recording publishing and the Internet Peter Steven looks at the ever greater concentration of ownership and at the convergence of technologies and media functions At the same time he emphasizes the diversity of local media production and media around the world The media is more than the
