**Applying Standards-Based Constructivism**

Pat Flynn,Paul Vermette,Don Mesibov,2013-09-27 This book provides teachers with practical ways of constructing lessons that will engage students and help them develop personal responsibility for their own learning State learning standards and related core curricula require students to demonstrate what they know and understand Students cannot learn to demonstrate their understanding if they sit passively The authors call for constructivist practices which recognize the important role played by standards and student accountability and which also acknowledge the practical need for lecture in an appropriate context This book also shows the links between constructivism and differentiated instruction and other approaches to teaching and learning

**Internationalizing Rural Science Teacher Preparation** Gayle A. Buck,Vesna Dimitrieska,Valarie L. Akerson,2023-11-23

This edited volume discusses the need to increase quantity and enhance quality of science education focused on preparing rural students to thrive in an interconnected interdependent and complex world It acknowledges that globally integrated education incorporates local knowledge and culture with global trends Additionally it highlights globally competent science teaching is not included in most preparation programs and teachers enter schools unprepared to address students needs Rural schools lack opportunities to keep up with reform efforts and may have limited experiences with diversity particularly at the global level These chapters describe globalization in authors respective academic institutions by sharing global competence action research projects for preservice teachers The studies presented were conducted in elementary and secondary science methods and science content courses The book s research is unique as the contributors have carried out action research in science teacher preparation programs and participated in peer discussions that helped them fill gaps in global science teaching while advancing the field of teacher preparation programs

*Dynamic roles of anxiety and motivation in second/foreign language acquisition* Meihua Liu,Chin-Hsi Lin,Yining Zhang,2023-06-07

Rubric Nation Michelle Tenam-Zemach,Joseph E. Flynn,2015-04-01 What is a rubric and how are they being used in teacher education and evaluation When did rubrics become ubiquitous in the field of education What impact do rubrics have on students teachers teacher educators and the educational enterprise This book is an edited volume of essays that critically examine the phenomenon of rubrics in teacher education evaluation and education more broadly Rubrics have seen a dramatic rise in use and presence over the past twenty five years in colleges of education and districts across the country Although there is a wealth of literature about how to make rubrics there is scant literature that explores the strengths and weaknesses of rubrics and the impact the rubric phenomenon is having in reshaping education The chapters included in this edited volume will critically reflect on the contemporary contexts of rubrics and the uses and impact of rubrics in education Since rubrics have become indelible in education it is necessary for a fuller nuanced discussion of the phenomenon Creating a book that explores these aspects of rubrics is timely and fundamental to expanding the discourse on this ubiquitous evaluation tool This book is not meant to be a series of chapters dedicated to best practices for creating

rubrics nor is this text meant to present all sides of the rubric discussion Rather this text intends to offer critical polemics about rubrics that can spur greater critical discussion about a phenomenon in education that has largely been unquestioned in the literature
