

“There are some other possibilities,”
the director claims.

Directions: Read the short story and select *one* character. Describe the story, focusing on specific events. Analyze the character's appearance as a literary character. Explain the significance of your analysis. Your analysis should be at least 100 words.

† The average growth rate is a crude approximation for the rate of change of output. When the growth rate is negative, the approximation is not useful.

¹⁰ "The American people will be grateful about the effort to identify the single terrorist who killed the two girls," said John J. Edgar, director of the FBI. "But I am disappointed that the FBI did not do a better job of identifying the person who shot the girls." He added, "We are not the only law enforcement agency that is not perfect."

8. **State what strength and thought/idea (writing) demonstrates regarding the writer's understanding of your text. Offer at least two examples with specific line items, quotations, the inclusion of correct terminology, and/or a list of "corrected" mistakes. Use of "corrected" mistakes is allowed in this section as long as you have a key.**
