Description :

Is philosophy obsolete? Are the ancient questions still relevant in the age of cosmology and neuroscience, not to mention crowd-sourcing and cable news? The acclaimed philosopher and novelist Rebecca Newberger Goldstein provides a dazzlingly original plunge into the drama of philosophy, revealing its hidden role in today's debates on religion, morality, politics, and science. At the origin of Western philosophy stands Plato, who got about as much wrong as one would expect from a thinker who lived 2,400 years ago. But Plato's role in shaping philosophy was pivotal. On her way to considering the place of philosophy in our ongoing intellectual life, Goldstein tells a new story of its origin, re-envisioning the extraordinary culture that produced the man who produced philosophy. But it is primarily the fate of philosophy that concerns her. Is the discipline no more than a way of biding our time until the scientists arrive on the scene? Have they already arrived? Does philosophy itself ever make progress? And if it does, why is so ancient a figure as Plato of any continuing relevance? Plato at the Googleplex is Goldstein's startling investigation of these conundra. She interweaves her narrative with Plato's own choice for bringing ideas to life - the dialogue. Imagine that Plato came to life in the twenty-first century and embarked on a multicity speaking tour. How would he handle the host of a cable news program who denies there can be morality without religion? How would he mediate a debate between a Freudian psychoanalyst and a tiger mom on how to raise the perfect child? How would he answer a neuroscientist who, about to scan Plato's brain, argues that science has definitively answered the questions of free will and moral agency? What would Plato make of Google, and of the idea that knowledge can be crowd-sourced rather than reasoned out by experts? With a philosopher's depth and a novelist's imagination and wit, Goldstein probes the deepest issues confronting us by allowing us to eavesdrop on Plato as he takes on the modern world.

Socrates William J. Prior, 2019-11-05 Socrates is one the most important thinkers in western philosophy yet he remains enigmatic having left behind no works of his own Instead his thought is understood primarily through the work of his followers particularly Plato Yet Plato s dialogues can offer conflicting portraits of Socrates On the one hand he is portrayed as barren of wisdom he has questions but no answers On the other he appears to be fertile he has important things to say about those questions Can he be both Although Plato s works focus on Socrates questions not his answers a careful reading can reveal many of Socrates likely views In this accessible introduction William Prior assesses Socrates the man his famous trial and the nature of his philosophy He explores Socrates intellectualism conception of the good life his religious views and his thoughts concerning justice All the way through Prior reflects on Socrates distinctive method of asking questions and the enormous influence he has had on philosophy to this day

Toward a Negative Theology of Judaism Ernest Rubinstein, 2025-07-29 This book reimagines Judaism and Jewish identity after the time honored method of negative theology It builds on negations that clear space for revisioning of such topics as creation and revelation the people and State of Israel history and suffering ritual and ethics God and spiritual life The theology builds on thought from key figures in the history of Jewish philosophy and serves along the way as an introduction to them including Ecclesiastes Philo Saadia Gaon Judah Halevi Maimonides Spinoza Moses Mendelssohn Nachman Krochmal Hermann Cohen Franz Rosenzweig Martin Buber Abraham Joshua Heschel Emil Fackenheim Emmanuel Levinas Yeshayahu Leibowitz and more A key finding is that a shared negation binds God and the Jewish people together their joint refusal to submit to contentful constrictive definition

Verbal Ability & Comprehension for CAT, XAT & other MBA Entrance Exams 4th Edition Disha Experts, Ethics, Law and the Business of Being Human Charles Foster, 2025-09-02 This book presents an inquiry into the sort of creatures we are If we don t know what we are we can have no idea how to behave or thrive either as individuals or as a society This book in a series of short essays addresses the most fundamental question facing each of us We

are not here long how then should we live as individuals and as members of society Philosophers and lawyers have long asked the question but their answers are often garbled and they have not learned a language in which to talk to one another The Academy which should lead the debate is often too riddled with presumption and systemic dysfunction to be either useful or interesting Foster surveys the academic and legal landscape critically and suggests how some of the ills can be remedied

Modern Jewish Scholarship on Islam in Context Ottfried Fraisse, 2018-11-19 This volume highlights the role of Jewish scholars within the field of Oriental studies in the 19th and 20th century It discusses their views of Islam and the Orient in the context of concepts such as orientalism colonialism and modernity The analysis shows that Jewish oriental research provides a way of understanding some of the particularities of the boundaries between European frameworks of thought

Complicating, Considering, and Connecting Music Education Lauren Kapalka Richerme, 2020-05-05 In Complicating Considering and Connecting Music Education Lauren Kapalka Richerme proposes a poststructuralist inspired philosophy of music education Complicating current conceptions of self other and place Richerme emphasizes the embodied emotional and social aspects of humanity She also examines intersections between local and global music making Next Richerme explores the ethical implications of considering multiple viewpoints

and imagining who music makers might become Ultimately she offers that music education is good for facilitating differing connections with one's self and multiple environments Throughout the text she also integrates the writings of Gilles Deleuze and Félix Guattari with narrative philosophy and personal narratives By highlighting the processes of complicating considering and connecting Richerme challenges the standardization and career centric rationales that ground contemporary music education policy and practice to better welcome diversity

Ars Vitae Elisabeth Lasch-Quinn, 2020-10-15 Despite the flood of self help guides and our current therapeutic culture feelings of alienation and spiritual longing continue to grip modern society In this book Elisabeth Lasch Quinn offers a fresh solution a return to classic philosophy and the cultivation of an inner life The ancient Roman philosopher Cicero wrote that philosophy is *ars vitae* the art of living Today signs of stress and duress point to a full fledged crisis for individuals and communities while current modes of making sense of our lives prove inadequate Yet in this time of alienation and spiritual longing we can glimpse signs of a renewed interest in ancient approaches to the art of living In this ambitious and timely book Elisabeth Lasch Quinn engages both general readers and scholars on the topic of well being She examines the reappearance of ancient philosophical thought in contemporary American culture probing whether new stirrings of Gnosticism Stoicism Epicureanism Cynicism and Platonism present a true alternative to our current therapeutic culture of self help and consumerism which elevates the self's needs and desires yet fails to deliver on its promises of happiness and healing Do the ancient philosophies represent a counter tradition to today's culture auguring a new cultural vibrancy or do they merely solidify a modern way of life that has little use for inwardness the cultivation of an inner life stemming from those older traditions Tracing the contours of this cultural resurgence and exploring a range of sources from scholarship to self help manuals films and other artifacts of popular culture this book sees the different schools as organically interrelated and asks whether taken together they can point us in important new directions *Ars Vitae* sounds a clarion call to take back philosophy as part of our everyday lives It proposes a way to do so sifting through the ruins of long forgotten and recent history alike for any shards helpful in piecing together the coherence of a moral framework that allows us ways to move forward toward the life we want and need

Positive Learning in the Age of Information Olga Zlatkin-Troitschanskaia, Gabriel Wittum, Andreas Dengel, 2017-12-15 While information and communication technology has a vast influence on our lives little is understood about its effects on the way we learn In the Age of Information students consciously or not are learning in diverse formal and informal environments from a broad variety of sources with scientific knowledge competing against unfounded assertions and misinformation and biased data spreading through social and mass media The *Positive Learning in the Age of Information* PLATO program illustrated by the contributions in this book unites outstanding and highly innovative expertise on the fundamentals of information processing and human learning to investigate a new paradigm of positive learning as a vital morally and ethically oriented approach which is of existential importance to maintaining the civilization standards of a modern society in the digital age
