## **Red White Liberal How Left Is Right Right Is Wrong:**

**Red, White & Liberal** Alan Colmes, 2003-10-21 As one of the foremost liberal voices in television and talk radio today Alan Colmes has long been braving the wilds of controversial issues and conservative slander Already a talk radio star and the only liberal to be heard nationally Colmes has also taken the television world by storm on Fox News Channel's Hannity the lies we've been force fed about the war in Iraq and the unsettled situation in Afghanistan the misguided use of religion by the right to justify hatred and prejudice and the successful conservative smear campaign against the left that has turned liberal into a four letter word In order to preserve our freedoms Colmes calls America back to its liberal roots He reminds us that our forefathers spoke out against the status quo and fought for the individual's right to opportunity privacy and personal choice that they prized progress and open mindedness over divisive party politics and that they believed the ability to express dissent was crucial to keeping a democracy healthy Colmes suggests that it is our patriotic duty to voice our concern when we feel that wrongs are being done From debunking the myth of the liberal media to exposing conservative hypocrisy to showing how Jesus was a liberal and the War on Terror is a failure Colmes presents the issues with thoughtful provocative arguments hard facts and logic and searing humor He urges us to extend our hands across party lines to find real solutions protect our shores and preserve our freedoms Certain to spark debate and cause readers to both reevaluate and reaffirm their beliefs **Red White Liberal** is a witty passionate testament to the liberal ideals that have made America great and that will continue to ensure liberty and justice for all

**Liberty Means Freedom for All** Steven H. Propp, 2012-11 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science It's an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand's philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christian Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town

involving someone with whom he has become emotionally involved      On the Trail of the D.C. Sniper Jack R. Censer, 2010-04-06 For a month in the fall of 2002 a series of sniper attacks suddenly dominated the headlines in the nation's capital Beginning in the Washington suburbs these crimes eventually stretched over one hundred miles along I 95 to Richmond More than a thousand law officers would pursue the perpetrators an enormous number for one case The number of reporters covering the story however was even greater On the Trail of the D C Sniper uses the remarkable events of that October to explore the shifting character of journalism as it entered the twenty first century and to question how this change in the way news is gathered and reported impacted the events it covered Because of its political significance Washington D C although not a huge population center is home to an international news corps rivaling that of London or New York The sniper story thus gained unusually broad media coverage These events also coincided with the rise of cable network news meaning that the story would be delivered through a greatly accelerated news cycle Continuous coverage on television meant a more intense race for scoops when a major development wasn't available lesser incidents were sometimes played up in an attempt to maintain the sense of an always unfolding story Jack Censer looks at the atmosphere of heightened anxiety in which this killing spree occurred coming only a year after the 9 11 attacks as well as the unsolved anthrax scare centered in the D C area and asks if the press by intensifying its focus also intensified the sense of fear To bring in another perspective Censer looks closely at the elementary and secondary schools in the area comparing their experience of the threat with the press's perception and presentation of it In most cases school officials chose a course of precaution in which life could carry on rather than one of hypervigilance and lockdowns Although it is widely thought that journalists have strong political and commercial biases Censer reveals that in this case the press was motivated above all by the creation of a gripping story to evoke emotion from its audience One of the most detailed studies yet published of how the press follows a story in the twenty four hour news era this book provides a window on post 9 11 anxiety and the relationship between those fears public events and the news media      **Red, White & Liberal** Alan Colmes, 2011-09-20 As one of the foremost liberal voices in television and radio today Alan Colmes has long been braving the wilds of controversial issues and conservative slander The host of the talk radio show Fox News Live with Alan Colmes and cohost of Fox News Channel's hit debate show Hannity the lies we've been force fed about the war in Iraq and Afghanistan and the conservative smear campaign that has turned liberal into a four letter word From debunking the myth of the liberal media to exposing conservative hypocrisy Colmes presents the issues with thoughtful provocative arguments hard facts and logic and searing humor Certain to spark debate and cause readers to reevaluate and reaffirm their beliefs Red White Liberal powerfully argues that despite our differences we must extend our hands across party lines to find solutions protect our shores and preserve our freedoms      *Why Everyone Hates White Liberals (Including White Liberals)* Kevin M. Schultz, 2025-05-02 A bracing accessible history of white American liberals and why it's time to change the conversation about them If there's one thing most Americans can agree on it's that everyone

hates white liberals Conservatives hate them for being culturally tolerant and threatening to usher in communism Libertarians hate them for believing in the power of the state Socialists hate them for serving as capitalism's beard Even liberals hate liberals either because they can't manage to overcome their own prejudices or precisely because they're so self-hating This is the starting point for Kevin M Schultz's lively new history of white liberals in the United States He efficiently lays out the array of objections to liberals ineffective spineless judgmental authoritarian and more in a historical frame that shows how protean the concept has been throughout the past hundred years It turns out he declares that how you define a white liberal is less a reflection of reality and more a Rorschach test revealing your own anxieties Sharply assessing how decades of attacks on liberals and liberalism have steadily hollowed out the center of American political life Schultz also explains precisely what needs to be done to avoid digging ourselves even further into the hole of polarization The ultimate goal he argues is to achieve political fragmentation that will fuel the rise of a true multiparty system where ideology will matter more not less With a tight command of postwar American history and a spirited voice *Why Everyone Hates White Liberals Including White Liberals* is a must read for anyone wishing to understand and envision a way forward in the complicated landscape of American politics

*Thank the Liberals* Alan Colmes, 2013-09-17 In *Thank the Liberals* political commentator and Fox News radio host Alan Colmes explains how people who fight for liberal ideals help our country move forward With his trademark humor and wit Colmes walks readers through the founding of our nation and shows how America was based on a liberal idea Our very founders were progressives and it's progressives who have led America to be the country it is today Through legislation constitutional amendments Supreme Court decisions and the actions of grassroots Americans we see that it is liberal efforts that are responsible for programs intrinsic to our American DNA programs like Social Security Medicare assistance for the needy and the government safety nets that have saved us during the recent economic downturn Colmes's goal is to show not only where we are today but also where we as a nation are going and how it is liberals who will get us there The divide between conservative and progressive aims has gotten ever more stark and it seems that many conservatives are trying to take us backward revoking or rolling back hard won rights and impeding progress which at best keeps us stranded in the status quo This continual push to the right is something liberals must fight and fight they do On everything from preserving

the separation of church and state to climate change regulating immigration caring for the poor and making peace not war Colmes shows how liberals are leading the way Thank the Liberals will open readers eyes to some of the battles that will help define our nation as we move forward Colmes boldly shows that as America progresses it will become more liberal just as it has done throughout history and that this will enable us to continue to stand out as a beacon of freedom and democracy for the rest of the world Library Journal Melvil Dewey, Richard Rogers Bowker, L. Came To Write 'the Lucky Country' Donald Horne,2016-03-22 Donald Horne 1921 2005 was perhaps the best known Australian intellectual of his era after Manning Clark He made his name as editor of The Bulletin magazine and confirmed his reputation with his book The Lucky Country an ironic and influential critique of the Australian way of life first published in 1964 In his memoir Into the Open 2000 Horne recalled experiences people books and ideas that shaped his career as a journalist writer and thinker The extract published here focuses on the formative years leading up to the writing of The Lucky Country     *The Round Table* ,1866     Bad News Batya Ungar-Sargon,2021-10-26 Something is wrong with American journalism Long before fake news became the calling card of the Right Americans had lost faith in their news media But lately the feeling that something is off has become impossible to ignore That s because the majority of our mainstream news is no longer just liberal it s woke Today s newsrooms are propagating radical ideas that were fringe as recently as a decade ago including antiracism intersectionality open borders and critical race theory How did this come to be It all has to do with who our news media is written by and who it is written for In Bad News How Woke Media Is Undermining Democracy Batya Ungar Sargon reveals how American journalism underwent a status revolution over the twentieth century from a blue collar trade to an elite profession As a result journalists shifted their focus away from the working class and toward the concerns of their affluent highly educated peers With the rise of the Internet and the implosion of local news America s elite news media became nationalized and its journalists affluent and ideological And where once business concerns provided a countervailing force to push back against journalists worst tendencies the pressures of the digital media landscape now align corporate incentives with newsroom crusades The truth is the moral panic around race encouraged by today s elite newsrooms does little more than consolidate the power of liberal elites and protect their economic interests And in abandoning the working class by creating a culture war around identity our national media is undermining American democracy Bad News explains how this happened why it happened and the dangers posed by this development if it continues unchecked     **Conservatism Revisited** Peter Viereck,2017-07-05 Peter Viereck poet and historian is one of the principle theoreticians of conservatism in modern American political thought In this classic work Viereck undertakes a penetrating and unorthodox analysis of that quintessential conservative Prince Metternich and offers evidence that cultural and political conservatism may perhaps be best adapted to sustain a free and reasonable society According to Viereck s definition conservatism is not the enemy of economic reform or social progress nor is it the oppressive instrument of the privileged few Although conservatism has been attacked from the left and often discredited by exploitation from the right it remains the historic name for a point of view vital to contemporary society and culture Divided into three parts the book opens with a survey of conservatism in its cultural context of classicism and humanism Rejecting the blind alley of reaction Viereck calls for a discriminating set of principles that include preservation through reform self expression through self restraint a fruitful nostalgia for the permanent beneath the flux and a preference for historical continuity over violent rupture Viereck locates our idea of Western political unity in

Metternich's Concert of Europe whose goal was a cosmopolitan Europe united in peace This ideal was opposed by both the violent nationalism that resulted in Nazism and the socialist internationalism that became a tool of Soviet Russian expansionism While not ignoring the extremely negative aspects of Metternich's legacy Viereck focuses on his attempts to tame the bellicosity of European nationalism and his little known efforts to reform and modernize the Hapsburg Empire
