Cases and Exercises in Organization Development & Change Donald L. Anderson, 2016-12-29 Cases and Exercises in Organization Development Change Second Edition encourages students to practice organization development OD skills in unison with learning about theories of organizational change and human behavior The book includes a comprehensive collection of cases about the OD

process and organization wide team and individual interventions including global OD dialogic OD and OD in virtual organizations In addition to real world cases author Donald L Anderson gives students practical and experiential exercises that make the course material come alive through realistic scenarios that managers and organizational change practitioners regularly experience *Organization Development and Society* Baruch Shimoni,2019-03-11 Organization Development and Society Theory and Practice of Organization Development Consulting offers a new approach for the practice of organization development OD The new approach a habitus oriented OD HOOD sees consultees thinking and behavior a result of habitus a cognitive structure developed historically in endless interactions between human behavior and social structures HOOD has two goals The first goal is to redefine the objectives of individually oriented OD The focus on habitus and social structure allows individually oriented OD scholars and practitioners to keep their subjective approach which searches for consultees inner world However this subjectivity searches not only for consultees psychological but their social dispositions It views the individual level the habitus as a site of social dispositions that from within the individual consultees generate thoughts and behaviors in a way that closely corresponds with the organization s social structure with power relations and social positions and with accepted metaphors and common language The HOOD links the concept of habitus to the field of OD and in so doing provides an alternative way to incorporate the individual and the social in OD HOOD s second goal is to re position OD between organizations and society and thus to produce a consulting practice that is both pragmatic and human It is pragmatic since incorporation of habitus enables the consultant to liberate consultees perspectives and behavior from the organization s social and structural hoops and to use these perspectives in processes of change and development Considering the habitus as central to consulting projects is human since it enables consultants and consultees to identify the responsibility for organizational problems and other phenomena not only at the level of the individual but also at the level of the organization and the environment outside the organization Leading Organizational Development and Change Riann Singh,Shalini Ramdeo,2020-07-08 This textbook covers the fundamentals of organizational development and change ODC theory while offering a comprehensive structured and systematic approach to guide change management strategies at the organization level It provides an in depth understanding of and the tools necessary for designing diagnosing implementing and evaluating organizational change interventions Students will be exposed to case studies in ODC from selected international and Caribbean Latin American organizations demonstrating ODC in practice across a broad geographical context This textbook the first to offer a macro level perspective of ODC provides students with the tools needed to be successful in implementing change into today s organizations *Organization Development* Donald L. Anderson,2019-11-11 Organization Development The Process of Leading Organizational Change offers a comprehensive look at individual team and organizational change covering classic and contemporary organization development OD techniques Bestselling author Donald L Anderson provides students with the organization development tools they need to succeed in today s challenging

environment defined by globalization rapidly changing technologies economic pressures and evolving workforce expectations The new Fifth Edition has been updated to reflect the latest research New Profiles in OD highlight a variety of practitioners and researchers New cases examples and a new chapter on organization design and culture interventions provide readers with the latest information on OD best practices

Organization Development Joan V. Gallos, 2017-07-27 This is the third book in the Jossey Bass Reader series Organization Development A Jossey Bass Reader This collection will introduce the key thinkers and contributors in organization development including Ed Lawler Peter Senge Chris Argyris Richard Hackman Jay Galbraith Cooperrider Rosabeth Moss Kanter Bolman Deal Kouzes Posner and Ed Schein among others Without reservations I recommend this volume to those students of organizational behavior who want an encyclopedia of OD to gain a perspective on the past present and future Jonathan D Springer of the American Psychological Association

Organization Development Wyatt Warner Burke, Debra A. Noumair, 2015 Organization Development Third Edition is today's complete overview of the OD discipline for managers executives administrators consultants and students alike Fully updated to reflect major changes since the classic Second Edition it explains how OD is now practiced and how it is continuing to evolve The authors illuminate each key theory in the field giving readers the background they need to translate theory into action make key choices help organizations learn and lead change

Organization Change W. Warner Burke, 2008 The Second Edition provides an overview of the theoretical and research foundation for our current understanding of organization change including the nature and types of change organizations experience The author reviews various models including the one developed by Burke and Litwin and uses cases to demonstrate how the models can be used to diagnose change issues in organizations Emphasizing planned revolutionary change over the gradual evolutionary change organizations typically experience Burke combines and integrates theory and research with application for insight into all aspects of organization change

Reinventing the Organization Arthur Yeung, Dave Ulrich, 2019-09-24 Your Company Isn't Fast Enough Here's How to Change That The traditional hierarchical organization is dead but what replaces it Numerous new models the agile organization the networked organization and holacracy to name a few have emerged but leaders need to know what really works How do you build an organization that is responsive to fast changing markets What kind of organization delivers both speed and scale and how do you lead it Arthur Yeung and Dave Ulrich provide leaders with a much needed blueprint for reinventing the organization Based on their in depth research at leading Chinese US and European firms such as Alibaba Amazon DiDi Facebook Google Huawei Supercell and Tencent and drawing from their synthesis of the latest organization research and practice Yeung and Ulrich explain how to build a new kind of organization a market oriented ecosystem that responds to changing market opportunities with speed and scale While other books address individual pieces of the puzzle Reinventing the Organization offers a practical integrated six step framework and looks at all the decisions leaders need to make choosing the right strategies capabilities structure culture management tools and leadership to deliver radically
