Personal Identity Essay

Meredith W. Michaels is a research associate in the philosophy department at Smith College in Massachusetts and one of the authors of the renown philosophy textbook *Twenty Questions*. At points throughout the book, Michaels shares her views on certain philosophical perspectives, one of the most interesting being what determines personal identity. In short, Michaels evaluates both the mind and body in trying to determine identity. In the following paragraphs I will explain the argument that Michaels offers, an objection to it, and then determine which argument I agree with more by using personal examples. The excerpt; *Persons, Brains, and Bodies*, opens up with Michaels describing an interesting scenario. She asks the reader to imagine that you and a friend named Wanda are on a trip and while Wanda isn't paying attention she is crushed by a steamroller. In reaction to Wanda being crushed you have a stroke that does serious damage to your brain. Both of you are immediately sent to a hospital.

After a procedure, you ultimately end up with Wanda's brain in your body. This raises a lot of questions. Is it you or Wanda that is still alive? (Michaels 347). After thoroughly presenting the scenario Michaels delves into her evaluation. She makes it clear that she recognizes John Locke's Memory Theory and that the idea of the body often gets lost in traditional concepts, which leads her to point out the importance of the body in determining identity. This is evident as Michaels states, "Though the brain in question is indeed the same, it is nonetheless clear to all of us that brains alone do not learn to ride bicycles, or, indeed, do brains alone remember having done so. People learn to read bicycles and people remember having done so." (Michaels 348). Within this quote essentially lies Michaels' main argument that someone's identity is not solely body or mind but rather both combined. She wants the reader to realize that our bodies are an important part of our self-identity, and states, "This might suggest to us that our concept of self-identity is not an all-or-nothing one, that, in fact, our concept is one which admits of degrees." (Michaels 349). This last quote sums up her argument of the importance of not forgetting how big of a role our body plays in who we identify as. As mentioned previously, John Locke, the well known 17th-century academic has a different viewpoint on how to define identity and he addresses it in his essay *Of Identity and Diversity*. The main thing that Locke alludes to is the power of consciousness and how all of our decisions as human beings always relate back to the idea of our inner thoughts and internal compass.

Locke says, "For it being the same consciousness that makes a man be himself to himself, personal identity depends on that only, whether it be annexed solely to one individual substance, or can be continued in a succession of several substances." (Locke 340). Locke is pointing out tha

Personal Identity Harold Noonan, 2019-02-21 Who am I What is a person What does it take for a person to persist from one time to another What is the relation between the mind and the body These are just some of the questions that constitute the problem of personal identity one of the oldest and most fundamental of philosophical questions Personal Identity Third Edition is a clear and comprehensive introduction to these questions and more Harold Noonan places the problem of personal identity in the context of more general puzzles about identity discussing the major historical theories and more recent debates The book also includes essential historical and philosophical background to the problem of personal identity as found in the arguments of Locke Reid and Hume among others The third edition of Personal Identity has been thoroughly reviewed in light of advances in the latest literature and research This includes significant revision to the important problems of the simple and complex distinction and its relation to reductionism temporal parts and the distinction between perdurance and endurance theorists Noonan also includes an up to date examination of personal identity and memory and personal identity and animalism particularly the work of Shoemaker Parfit Olson and hybrid theorists Including helpful chapter summaries and annotated further reading at the end of each chapter Personal Identity Third Edition is essential reading for all students of philosophy of mind and metaphysics as well as students interested in ethics

The Early Modern Subject Udo Thiel, 2011-09-29 The Early Modern Subject explores the understanding of self consciousness and personal identity two fundamental features of human subjectivity as it developed in early modern philosophy Udo Thiel presents a critical evaluation of these features as they were conceived in the seventeenth and eighteenth centuries He explains the arguments of thinkers such as Descartes Locke Leibniz Wolff and Hume as well as their early critics followers and other philosophical contemporaries and situates them within their historical contexts Interest in the issues of self consciousness and personal identity is in many ways characteristic and even central to early modern thought but Thiel argues here that this is an interest that continues to this day in a form still strongly influenced by the conceptual frameworks of early modern thought In this book he attempts to broaden the scope of the treatment of these issues considerably covering more than a hundred years of philosophical debate in France Britain and Germany while remaining attentive to the details of the arguments under scrutiny and discussing alternative interpretations in many cases

Personal Identity and Resurrection Georg Gasser, 2016-09-17 What happens to us when we die According to Christian faith we will rise again bodily from the dead This claim raises a series of philosophical and theological conundrums is it rational to hope for life after death in bodily form Will it truly be we who are raised again or will it be post mortem duplicates of us How can personal identity be secured What is God's role in resurrection and everlasting life In response to these conundrums this book presents the first ever joint work of leading philosophers and theologians on life after death This is an impressive demonstration of interdisciplinary cooperation between philosophy and theology Various models are offered which depict what resurrection into an incorruptible post mortem body

might look like Therefore this book is an indispensable resource for anyone interested in the doctrine of bodily resurrection be they philosophers theologians scholars in religious studies or believers interested in examining their faith
