Russia Lost In Transition The Yeltsin And Putin Legacies

Peter Gross, Karol Jakubowicz

Russia Lost In Transition The Yeltsin And Putin Legacies:

Russia--lost in Transition Lilia Shevtsova, 2007 Russian history is first and foremost a history of personalized power As Russia startles the international community with its assertiveness and faces both parliamentary and presidential elections Lilia Shevtsova searches the histories of the Yeltsin and Putin regimes She explores within them conventional truths and myths about Russia paradoxes of Russian political development and Russia's role in the world *Russia Lost in Transition* discovers a logic of government in Russia a political regime and the type of capitalism that were formulated during the Yeltsin and Putin presidencies and will continue to dominate Russia's trajectory in the near term Looking forward as well as back Shevtsova speculates about the upcoming elections as well as the self-perpetuating system in place the legacies of Yeltsin and Putin and how it will dictate the immediate political future She also explores several scenarios for Russia's future over the next decade

Media Transformations in the Post-Communist World Peter Gross, Karol Jakubowicz, 2012-10-18 *Media Transformations in the Post Communist World Eastern Europe's Tortured Path to Change* edited by Peter Gross and Karol Jakubowicz is a collection of analyses of Eastern European media by some of the most distinguished scholars in the field This in-depth exploration shows how despite positive changes after the fall of Communism the transformations of societal institutions including the mass media have turned out to be slow uncertain and unsatisfying to many when measured against the admittedly ambiguous and overly Panglossian expectations This collection offers readers a different view of post-Communist media by examining the mass media's evolution in the region from a more holistic perspective The contributors to this volume respond to essential questions including Is the post-Communist transition and transformation over When can it be considered over Each chapter contributes to our understanding of these questions by offering theoretical overviews and country-specific studies This collection serves as an affirmation that the study of mass media is essential to understanding the nature and workings of democracy in the long-suffering nations of Central and Eastern Europe with international applications *Media Transformations in the Post Communist World* is an indispensable contribution to the study of Eastern Europe after Communism and the transformations of mass media in the region

Politics In Russia: A Reader Joel M. Ostrow, 2013 Covering the major contours of any Russian politics course and comprehensive enough to serve as a core text this new reader includes sections from the Soviet political system and its collapse to the debate about post-Communist transition and efforts toward political and economic reform A former journalist who worked in Russia Ostrow's substantial headnotes blend needed background with insights from his experience to create a nuanced treatment of Russian politics

Politics in Europe M. Donald Hancock, Christopher J. Carman, Marjorie Castle, David P. Conradt, Raffaella Y. Nanetti, Robert Leonardi, William Safran, Stephen White, Michelle Hale Williams, Mary N. Hampton, 2018-05-29 *Politics in Europe* Seventh Edition introduces students to the power of the European Union as well as seven political systems the UK France Germany Italy Sweden Russia Poland within a common analytical framework that

enables students to conduct both single case and cross national analysis Each case addresses the most relevant questions of comparative political analysis who governs on behalf of what values with the collaboration of what groups in the face of what kind of opposition and with what socioeconomic and political consequences Packed with captivating photos and robust country descriptions from regional specialists the Seventh Edition enables students to think critically about these questions and make meaningful cross national comparisons Crisis in the Caucasus: Russia, Georgia and the West Paul B.

Rich,2013-09-13 This collection of essays by a series of academic specialists examines the crisis stemming from the Russian invasion of Georgia in August 2008 from a range of standpoints The chapters probe the geopolitical and strategic dimensions of the crisis as well as the longer term military and diplomatic implications for Europe and the central Asian region The collection will be of major importance to students of Russia and Eastern Europe military analysts as well as journalists and politicians concerned with what some observers have termed a new cold war between Russia and the West This book was published as a special issue of *Small Wars and Insurgencies* *Historical Dictionary of the Russian Federation* Robert A.

Saunders,2019-09-20 Straddling Europe and Asia the Russian Federation is the largest country in the world and home to a panoply of religious and ethnic groups from the Muslim Tatars to the Buddhist Buryats Over the past 40 years Russia has experienced the most dramatic transformation of any modern state The second edition of *Historical Dictionary of the Russian Federation* provides insight into this rapidly developing country This volume includes coverage of pivotal movements events and persons in the late Soviet Union 1985 1991 and contemporary Russia 1991 present This second edition of *Historical Dictionary of the Russian Federation* contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Russia

Global Governance and Transnationalizing Capitalist Hegemony Ian Taylor,2016-11-25 This book is a critique of claims regarding how emerging economies are supposedly rewriting the rules of global governance and ushering in alternative models to neoliberal orthodoxy It argues that such assumptions are abstractions that ignore both the transnationalizing nature of the global political economy and the actual policy goals of the ruling classes within most emerging economies Considering the larger issues behind the emerging economies or powers debate the book deploys an adapted global capitalism perspective with insights from Gramsci Poulantzas and Cox to argue that the transnational nature of the global political economy and the actual policy goals of the dominant elites within most emerging economies merge to undermine any transformative element Far from challenging the global order these ostensible new rivals in fact seek to integrate their economies more and more within the existing liberal global economy Inter state dynamics and even inter elite tensions exist and it is clear that the nation state has not simply become a transmission belt for global capital but equally we must move beyond the surface phenomena that are most visible in global tensions to get at the underlying essence of social

and class forces in the global political economy Looking at the largest emerging powers such as Brazil Russia India and China Taylor explains why the emerging powers elites although essentially subscribing to neoliberalism in all its variegated forms may confront the core in a myriad of ways but that these are not challenges to the ongoing world order and in fact the so called emerging powers serve a legitimizing function for the extant global system The book will be of great use to graduates and scholars of International Relations Global International Political Economy and International Development

Development Aid in Russia J. Marquand, 2009-02-12 Drawing on both Development Studies and post Soviet literature this study examines projects in Siberia since the fall of the Berlin Wall Focusing on critical accounts of development projects in Siberia managed by the author this book provides a first hand account of the successes and failures of development aid

Routledge Handbook of Russian Politics and Society Graeme Gill, 2022-12-23 This second edition of the highly respected Routledge Handbook of Russian Politics and Society both provides a broad overview of the area and highlights cutting edge research into the country Through balanced theoretical and empirical investigation each chapter examines both the Russian experience and the existing literature identifies and exemplifies research trends and highlights the richness of experience history and continued challenges inherent to this enduringly fascinating and shifting polity Politically economically and socially Russia has one of the most interesting development trajectories of any major country This Handbook answers questions about democratic transition the relationship between the market and democracy stability and authoritarian politics the development of civil society the role of crime and corruption the development of a market economy and Russia s likely place in the emerging new world order Providing a comprehensive resource for scholars students and policy makers alike this book is an essential contribution to the study of Russian studies politics Eastern European studies politics and International Relations

The Politics of Security in Modern Russia Mark Galeotti, 2016-03-03 The Putin era saw a striking securitization of politics something that he has bequeathed to his chosen successor Dmitry Medvedev The omens from the early days of the Medvedev presidency have been mixed marked both by less confrontational rhetoric towards the West and by war with Georgia and continued re armament Has the Medvedev generation learned the lessons not just from the Soviet era but also from the Yeltsin and Putin presidencies or will security remain the foundation of Russian foreign and domestic policy Fully up to date to reflect the evolving Medvedev presidency the 2008 Georgian war and the impact of the economic downturn this volume is a much needed objective and balanced examination of the ways in which security has played and continues to play a central role in contemporary Russian politics The combination of original scholarship with extensive empirical research makes this volume an invaluable resource for all students and researchers of Russian politics and security affairs
