Russian Connection Trafficker 7:

Russian Mafia in America James O. Finckenauer, Elin J. Waring, 1998 An examination of Russian organized crime at home and in the U S U.S./Russian National Security Issues United States. Congress. House. Committee on National Security. Subcommittee on Military Research and Development, 1998 **Global Human Smuggling** David Kyle, Rey Koslowski, 2011-11-15 Ten years ago the topic of human smuggling and trafficking was relatively new for academic researchers though the practice itself is very old Since the first edition of this volume was published much has changed globally directly impacting the phenomenon of human smuggling Migrant smuggling and human trafficking are now more entrenched than ever in many regions with efforts to combat them both largely unsuccessful and often counterproductive This book explores human smuggling in several forms and regions globally examining its deep historic social economic and cultural roots and its broad political consequences Contributors to the updated and expanded edition consider the trends and events of the past several years especially in light of developments after 9 11 and the creation of the U S Department of Homeland Security They also reflect on the moral economy of human smuggling and trafficking the increasing percentage of the world s asylum seekers who escape political violence only by being smuggled and the implications of human smuggling in a warming world Trafficking Justice Lauren A. McCarthy, 2015-11-16 In response to a growing human trafficking problem and domestic and international pressure human trafficking and the use of slave labor were first criminalized in Russia in 2003 In Trafficking Justice Lauren A McCarthy explains why Russian police prosecutors and judges have largely ignored this new weapon in their legal arsenal despite the fact that the law was intended to make it easier to pursue trafficking cases Using a combination of interview data participant observation and an original dataset of more than 5 500 Russian news media articles on human trafficking cases McCarthy explores how trafficking cases make their way through the criminal justice system covering multiple forms of the crime sexual labor and child trafficking over the period 2003 2013 She argues that to understand how law enforcement agencies have dealt with trafficking it is critical to understand how their institutional machinery the incentives culture and structure of their organizations channels decision making on human trafficking cases toward a familiar set of routines and practices and away from using the new law As a result law enforcement often chooses to charge and prosecute traffickers with related crimes such as kidnapping or recruitment into prostitution rather than under the 2003 trafficking law because these other charges are more familiar and easier to bring to a successful resolution In other words after ten years of practice Russian law enforcement has settled on a policy of prosecuting traffickers not trafficking Human Trafficking and Migrant Smuggling in Southeast Europe and Russia Johan Leman, Stef Janssens, 2015-10-21 Through unprecedented access to over 100 court files and sentences and interviews with police and security personnel in both origin and destination countries this book provides the most comprehensive exploration to date of human trafficking and migrant smuggling in Eastern Europe and Russia *Public Policy and Law in Russia: In*
