

From former NPR Moscow correspondent Gregory Feifer comes an incisive portrait that draws on vivid personal stories to portray the forces that have shaped the Russian character for centuries—and continue to do so today.

RUSSIANS

This riveting book explores the seeming paradoxes of life in Russia by unraveling the nature of its people: what is it in their history, their desires, and their conception of themselves that makes them baffling to the West? Using the insights of his decade as a journalist in Russia, Feifer corrects pervasive misconceptions by showing that much of what appears inexplicable about the country is logical when seen from the inside. He gets to the heart of why the world's leading energy producer continues to exasperate many in the international community. And he makes clear why President Vladimir Putin remains popular even as the gap widens between the super-rich and the great majority of poor.

Traversing the world's largest country from the violent North Caucasus to Arctic Siberia, Feifer conducted hundreds of intimate conversations about everything from sex and vodka to Russia's complex relationship with the world. What emerges is a rare portrait of a unique land of extremes whose forbidding geography, merciless climate, and crushing corruption has nevertheless produced some of the world's greatest art and some of its most remarkable scientific advances. *RUSSIANS* is an expertly observed, gripping profile of a people who will continue challenging the West for the foreseeable future.

Russians The People Behind The Power:

Russians Gregory Feifer, 2014 Focuses on the author's years as a journalist in Russia and personal stories by everyday people to examine the forces that have shaped the Russian character for centuries offering insight into apparent paradoxes in Russian culture policies and politics

Unholy Alliance Gerald Freund, 2018-12-05 Here is the first comprehensive account of the secret military and political relationship between Germany and Russia in the years after the First World War when the seeds were sown for the second. At that time these two major powers were outcasts from the society of nations Germany because of her defeat Russia because of the Bolshevik Revolution. Quarantined they sought each other's company. Leaders in the uneasy partnership included the complex statesman Gustav Stresemann the tragic Walter Rathenau soon to meet an assassin's bullet and the unscrupulous Karl Radek. Germany had deposed her Kaiser Russia her Czar both countries were in social and political turmoil. In recounting the story of this relationship Dr Freund has had access to important unpublished material including the archives of the German Foreign Ministry and the private papers of Stresemann and General von Seeckt. The noted historian John W Wheeler Bennett in his introduction calls Unholy Alliance a work of significance an important addition to the literature of this period of history the strange and ever fascinating story of German Russian collaboration during the twenties. Mr Freund's able study utilizing a number of sources not hitherto available constitutes an up to date and authoritative account of a particularly absorbing period in the relations between Germany and the Soviet Union. George F Kennan I can say without hesitation that this is by far the most thorough treatment I have read of German Russian relations. Alan Bullock Oxford University

Russia's Identity in International Relations Raymond Taras, 2012-10-02 Bringing together leading scholars from Russia and outside experts on Russia this book looks at the difference between the image Russia has of itself and the way it is viewed in the West. It discusses the historical cultural and political foundations that these images are built upon and goes on to analyse how contested these images are and their impact on Russian identity. The book questions whether differing images explain fractiousness in Western Russian relations in the new century or whether distinct imaginary solitudes offer a better platform from which to negotiate differences. Providing an innovative comparative study of contemporary images of the country and their impact the book is a significant contribution to studies of globalisation and international relations

Power, Culture, and Economic Change in Russia Jeffrey Hass, 2011-04-20 Utilising cutting edge theory and unique data this book examines the role of power culture and practice in Russia's story of post socialist economic change and provides a framework for addressing general economic change. No other book places power and culture as centrally as this and in doing so it provides new insights not only into how Russia came to its present state under Putin but also how economies operate and change generally. In particular the importance of remaking authority and culture creating and contesting new categories and narratives of meaning is shown as central to Russia's story and to the story of economies overall. Power Culture and Economic Change in Russia is an excellent research tool for

advanced undergraduate and postgraduate students of sociology political science economics area studies and other related disciplines *Russia's Coercive Diplomacy* R. Maness,B. Valeriano,2015-07-13 Russia's place in the world as a powerful regional actor can no longer be denied the question that remains concerns what this means in terms of foreign policy and domestic stability for the actors involved in the situation as Russia comes to grips with its newfound sources of might

Power and Policy in Putin's Russia Richard Sakwa,2013-09-13 The volume provides a retrospective analysis of Putin's eight years as president between 2000 and 2008 An international group of leading specialists examine Putin's leadership in an informed and balanced manner The authors are drawn from Russia itself as well as from Europe America and Australasia Coverage includes general analysis of the Putin presidency the ideology underlying the thinking of the regime issues of institutional development including coverage of parties parliament and elections developments in the federal system corruption and changes in the configuration of the elite The impact of energy on changes in political economy provides the background to an assessment of Russia's re emergence as a great power in international affairs accompanied by analysis of the difficulties in Russia's relations with its former Soviet neighbours and the European Union The authors examine the interaction between power and policy and draw some conclusions about the dynamics of Putin's system of government and thus of the fate of Russia This book was published as a special issue of *Europe Asia Studies* The Outlook ,1908

Competing Voices from the Russian Revolution Michael C. Hickey,2010-12-21 This new collection of documents helps students understand the complex texture of Russian public rhetoric and popular debate during World War I and the 1917 Revolution How better to understand history than through the words of those who lived it *Competing Voices from the Russian Revolution* Fighting Words presents documents that underscore the extraordinary richness of public discussion about key events and issues during the 1917 Russian Revolution one of the pivotal events in modern history Carefully edited and annotated the documents help clarify the issues while revealing the broad range of ways in which Russians understood the events unfolding around them Focusing on public rhetoric and debate in Russia from the outbreak of World War I in 1914 through the dissolution of the Constituent Assembly in January 1918 the documents present the views not only of key political figures but also of ordinary men and women mothers soldiers factory workers peasants students businesspeople and educated professionals

Russia as a Great Power Jakob Hedenskog,Vilhelm Konnander,Bertil Nygren,Ingmar Oldberg,Christer Pursiainen,2013-07-04 After a period of relative weakness and isolation during most of the 1990s Russia is again appearing as a major security player in world politics This book provides a comprehensive assessment of Russia's current security situation addressing such questions as What kind of player is Russia in the field of security What is the essence of its security policy What are the sources capabilities and priorities of its security policy What are the prospects for the future One important conclusion to emerge is that while Russian foreign policy under Putin has become more pragmatic and responsive to both problems and opportunities the growing lack of checks and balances in domestic politics makes

political integration with the West difficult and gives the president great freedom in applying Russia's growing power abroad

Russians The People Behind The Power Introduction

In the digital age, access to information has become easier than ever before. The ability to download Russians The People Behind The Power has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Russians The People Behind The Power has opened up a world of possibilities. Downloading Russians The People Behind The Power provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Russians The People Behind The Power has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Russians The People Behind The Power. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Russians The People Behind The Power. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Russians The People Behind The Power, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from.

In conclusion, the ability to download Russians The People Behind The Power has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
