**The Reading Mina Loy's Autobiographies** Sandeep Parmar,2013-08-08 Mina Loy is recognised today as one of the most innovative modernist poets numbering Gertrude Stein Marcel Duchamp Djuna Barnes and T S Eliot amongst her admirers Drawing on substantial new archival research this book challenges the existing critical myth of Loy as a modern woman through an analysis of her unpublished autobiographical prose Mina Loy s Autobiographies explores this major twentieth century writer s ideas about the modern and how they apply to the modernist writer based on her engagement with twentieth century avant garde aesthetics and charts how Loy herself uniquely defined modernity in her essays on literature and art Sandeep Parmar here shows how ultimately Loy s autobiographies extend the modernist project by rejecting earlier impressions of avant garde futurity and newness in favour of a late modernist aesthetic one that is more pessimistic inward and interested in the fragmentary interplay between the past and present **Notes and Queries** ,1921

*Latin Notes* ,1923 Select Notes Mary Abby Thaxter Peloubet,1898 **Reading Inca History** Catherine Julien,2009-05 At the heart of this book is the controversy over whether Inca history can and should be read as history Did the Incas narrate a true reflection of their past and did the Spaniards capture these narratives in a way that can be meaningfully reconstructed In Reading Inca History Catherine Julien finds that the Incas did indeed create detectable life

histories The two historical genres that contributed most to sixteenth and seventeenth century Spanish narratives about the Incas were an official account of Inca dynastic genealogy and a series of life histories of Inca rulers Rather than take for granted that there was an Inca historical consciousness Julien begins by establishing an Inca purpose for keeping this dynastic genealogy She then compares Spanish narratives of the Inca past to identify the structure of underlying Inca genres and establish the dependency on oral sources Once the genealogical genre can be identified the life histories can also be detected By carefully studying the composition of Spanish narratives and their underlying sources Julien provides an informed and convincing reading of these complex texts By disentangling the sources of their meaning she reaches across time language and cultural barriers to achieve a rewarding understanding of the dynamics of Inca and colonial political history
