Twenty Years of School based Mass Shootings in the United States Columbine to Santa Fe is an examination of twenty years of school based mass shootings from Columbine to Santa Fe exploring the larger environmental framework within which these incidents occurred Angelyn Spaulding Flowers and Cotina Lane Pixley use a mixed methods approach to examine a diverse set of factors identifying risk and protective factors along with specifically desired public policy responses by evaluating the convergence of variables from the range of school based mass shootings included in this study These variables include the type of weapon used the availability of that type of weapon perpetrator characteristics school characteristics as well as the geospatial and demographic characteristics of the school neighborhood These school based mass shooting incidents are explored at both the state and regional level and are further discussed in comparison to leisure time gun use homicide rates and suicide rates in the geographical area The overarching geospatial analytical framework for this research also includes an examination of the manner in which existing policy enactments such as state gun laws vary by geography Spaulding Flowers and Lane Pixley argue that the increased number of fatalities in school based mass shooting is largely due to the increased lethality of the weapons and they propose alternative solutions Scholars of criminology sociology political science and history will find this book particularly useful *Popular Mechanics*, 1998-06 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **Ruger and His Guns** Robert L Wilson, 2015-11-10 This book is the story of William B Ruger s dedication to providing traditional yet innovative design and to manufacturing excellence Products are sold at a reasonable price for a broad ranging clientele from the ordinary citizen to the president of the United States This richly illustrated beautifully presented work is the official history of William B Ruger of Sturm Ruger Co and of Ruger firearms featuring more than 185 color and over 100 black and white illustrations Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts We publish books about shotguns rifles handguns target shooting gun collecting self defense archery ammunition knives gunsmithing gun repair and wilderness survival We publish books on deer hunting big game hunting small game hunting wing shooting turkey hunting deer stands duck blinds bowhunting wing shooting hunting dogs and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home **The Ultimate Shooting Skills Manual** John B.
