Mexicano and Latino Politics and the Quest for Self-Determination Armando Navarro, 2015-01-08 This book examines the current status of Mexicano and Latino politics in the United States Political scientist and community activist Armando Navarro maintains that both represent a dysfunctional and failed mode of politics attributable to their system maintenance and mainstream ideological orientation and approach As colonial agents they protect both a United States that is decaying and declining and the degenerative liberal capitalist system Navarro argues that the United States is not a representative democracy but in fact is a White Corpocratic Dictatorship controlled by Capital which is evolving into a Fascist State The book provides an in depth analysis and contention that Mexicanos and Latinos in Aztlan Southwest are an occupied and internal colonized people It argues they are the Palestinians and Kurds of the United States His supposition is sustained by the book's profiles of Mexicano political history demography socioeconomics electoral politics immigration and the Triad Crisis e.g. Second Great Depression Global Economic Crisis and Global Capitalist Crisis Each chapter provides the justification and case for Navarro's two unique alternative change models applicable to today's bankrupt and failed Mexicano and Latino Politics in the twenty first century The preferred model is Aztlan's Politics of a Nation Within a Nation APNWN which is based on the models of the Mormon Nation of Utah and that of French Quebec Navarro therefore calls for the reformation of the United States liberal capitalist system by way of social democracy for the empowerment of Mexicanos and Latinos His second model is Aztlan's Politics of Separatism APS which offers two strategic options 1 Aztlan Southwest becoming a separate and sovereign nation state or 2 its reannexation and re integration with Mexico Navarro outlines a plan of action for building a New Movement designed to attain APNWN or APS In addition several ominous forecasts are made such as the United States being in a state of decline and no longer a hegemonic superpower due to the rise of a multi polar world Moreover Navarro attributes the United States decline to the inherent contradictions of global capitalism His sobering message is that if the current economic conditions are left unchanged this will produce an End of Times scenario the unleashing of the Four Horseman of the Apocalypse

MULTICULTURALISM Martin Guevara Urbina, 2014-09-19 In the twenty first century few studies have delineated the U S multiculturalism story beyond black and white to include the truths and realities of other Americans over time resulting in highly skewed academic publications While the white experience and to a lesser extent the black experience has been well documented the brown experience for instance has been neglected minimized or excluded from the pages of history Clearly

there has been a great need for researchers to examine the multiple intertwining forces of historical and contemporary movements defining shaping and governing the everyday experience of America's people. In the face of centuries of manipulation, exploitation, oppression, and sometimes brutal violence, blacks, browns, reds, yellows, and others are still here fighting not only for ethnic and racial tolerance but also for equality, justice, respect, and human dignity. In fact, despite the long legacy of hate, violence, and oppression against America's most disadvantaged communities, particularly undocumented people, the minority population will continue to grow, and with pressing demographic shifts, ethnic and racial minorities will soon become the new face of America. In delineating the dynamics of multiculturalism over the years, contributing authors illustrate that the United States is nowhere near a post-racial society, and thus we must prioritize equality, justice, and multiculturalism if the U.S. is in fact going to have a balanced system. Globally, the United States must actively engage in significant and positive social transformation in the new millennium if the U.S. is going to be situated and reflective of a post-racial society in the twenty-first century. *Twenty-First Century Dynamics of Multiculturalism* will be of benefit to professionals in the fields of sociology, history, minority studies, Mexican American, Chicano studies, ethnic/Latino studies, law, political science, and also those concerned with sociolegal issues.
