The Constantinian Order of Saint George Guy Stair Sainty, 2018-12-01 According to legend the Constantinian Order is the oldest chivalric institution founded by Emperor Constantine the Great and governed by successive Byzantine Emperors and their descendants While this chronology was supported by multiple writers even into the twentieth century it has little historical basis Nonetheless the Angeli Farnese and Bourbon families which held the Grand Mastership could legitimately claim Byzantine imperial descent albeit in the female line and the Order's cross replicates that seen by Constantine in the vision recorded by both Lactantius and Eusebius writing very soon after Maximian's defeat at the battle of the Milvian Bridge The Order's emergence in the middle of the sixteenth century when Christian Europe was under assault from a militant Ottoman empire gained Papal support almost immediately and by the end of the seventeenth century the Order had members across the Italian peninsula in Spain Bavaria Austria and Bohemia Croatia and Poland Today the majority of the Order's members are found in Italy and Spain but there are also members in Portugal France Belgium Great Britain and Luxembourg with smaller groups in the Netherlands Germany and Sweden as well as an expanding membership in the United States This work examines the conversion of Constantine and the histories of the Angeli Farnese and Bourbon Grand Masterships with extensive reference to hitherto unpublished documents in the Vatican archives and in the Farnese and Bourbon archives in Naples These serve to confirm the close relationship the Order had with the Church and the high regard in which it was held

by successive Popes as well as its autonomy as a subject of canon law independent from any crown or temporal sovereignty This unique status has enabled its hereditary Grand Masters to maintain this dignity after the absorption of the former Kingdom of the Two Sicilies into a united Italy The Order's autonomy coupled with the Grand Master's close links to the Spanish Crown has meant that Spanish and Italian citizens as well as the citizens of several other states which have accorded the Order recognition may obtain official permission to wear the Order's decorations 2018 is the three hundredth anniversary of the Papal Bull *Militantis Ecclesiae* which confirmed and approved the previous Papal acts concerning the Order and laid out the rights and privileges of the Order its Grand Masters and members In the early 20th century Pope Saint Pius X and Benedict XV conferred further privileges on the Order approving the statutes while the then future Pope Pius XII had been admitted to the Order in 1913 Today the Order is engaged in works of charity in conformity with the Church's teachings and includes among its members some thirteen Cardinals as well as some thirty members of reigning or former reigning families

Towards a New Map of Automobile Manufacturing in Europe? Ray Hudson,Eike W. Schamp,2012-12-06 This book is the product of four years of collaborative work within the framework of the European Science Foundation s Regional and Urban Restructuring in Europe RURE programme With one exception all of the chapters have been prepared by participants in RURE the exception being that commissioned from Conti and Enrietti on Fiat and Italy to provide a fuller coverage of changes in the main automobile producing companies and countries of Europe A perhaps the central theme around which the RURE programme was conceived is that the restructuring of the production system lies at the heart of the changing map of Europe Equally it continues to be the case that the automobile industry lies at the cutting edge of the search for viable new models of production Some eighty years ago the automobile industry occupied a pivotal position in the transition from craft to mass production indeed Fordism came to denote not just a particular micro economic model of production organisation in the factory but a macro scale model of economic development characterized by a particular pattern of relations between mass production mass consumption and national state regulation From the late 1960s however it became increasingly clear that Fordism as a macro scale model of advanced capitalist development was reaching its limits

Amtsblatt Berlin (Germany),2012-10 *Life After Privatization* Raj S. Chari,2015 *Life After Privatization* offers a refreshing and original theoretical conceptualization of what happened to stateowned enterprises after they were privatized from the late 1970s onwards Some privatized firms have become today s European and global giants Alphas merging with or acquiring other firms whereas other firms Betas have been taken over by Alphas or other sectoral leaders The book raises questions such as which privatized firms in the airline automobile and the electricity sectors in the UK France Germany Italy and Spain are Alphas and Betas today And why Building on a variety of themes from both Political Science and Business Studies it considers a comprehensive set of explanations both internal and external to the firm to

analyse why a firm may become an Alpha or a Beta The evidence shows that while internal factors are important the more external political factors are necessary and sufficient to explain why a firm becomes an Alpha or a Beta This includes the impact of liberalization the roles of states and the actions of regulators that are lobbied by firms Based on exhaustive evidence Life After Privatization concludes with a novel inductive theory which offers a significant step forward for social science scholars and practitioners understanding of the politics businesses face in global markets **It Happened In Venice** Molly Hopkins,2012-08-30 He cheated but only once Evie Dexter has promised to forgive and forget her fianc Rob and her efforts to absolve his sins are paying off in the past ten days she s only called him a two timing love rat eleven times Thank goodness her flourishing career as a tour guide takes her to fashionable Dublin in vogue Marrakech and cool Amsterdam So when Evie s offered a luxury visit to the sensual city of Venice she jumps at the chance With its gondolas wine and sultry Italian men four days in the city of light and love is just what she needs Who knows what could happen
