Seattle's Waterfront Joy Keniston-Longrie, 2014-12-01 Seattles waterfront has served as a central hub for people transportation and commerce since time immemorial A low natural shoreline provided the Duwamish Suquamish people with excellent canoe access to permanent villages and seasonal fishing camps High bluffs served as a sacred place for tribal members final journey to the spirit world When the first settlers arrived in the 1850s Seattles shoreline began to change drastically Emerald hills covered with dense forests were logged for timber to make way for the new city As time passed Seattle constructed a log seawall wooden sidewalks wharfs buildings streets railroad trestles and eventually a massive concrete viaduct over the original aquatic lands changing the natural environment to a built environment Today Seattles shoreline continues to change as the city demolishes the viaduct rebuilds the seawall and creates an inviting new waterfront that all will enjoy for generations to come

Seattle's Belltown Clark Humphrey, 2007 When most of Seattles original founders settled at todays Pioneer Square William Bell set up his own neighborhood a couple of miles up the waterfront Bells Town grew in the early 20th century when Seattle leveled the adjacent Denny Hill and the newly flat regrade became a low rent district of bars hotels and industry In recent decades Belltown has become one of the nations fastest growing urban neighborhoods with upscale condominium towers and fashionable restaurants This new volume chronicles in more than 200 images the colorful history of this diverse and constantly changing area Readers will enjoy early glimpses of such landmarks as the Seafair Torchlight Parade the Seattle Center Monorail the legendary Dog House and the Edgewater Inn

Three Tree Point Doug Shadel, Pam Harper, Guy Harper, 2010 Three Tree Point is a prominent peninsula on the eastern shore of Puget Sound about 14 miles south of Seattle Its name came from three massive fir trees that stood on the north side of the point at the beginning of the 20th century The area remained largely undeveloped until 1903 when the Three Tree Point Company began marketing the community as a place to build summer homes Seattle s business elite built houses at the point to take advantage of the beach lifestyle for which it has become known Over the years Three Tree Point and its 2.5 miles of waterfront emerged as one of the Northwest s most unique residential communities Its history is a diverse mixture of family life unusual characters Fourth of July celebrations shipwrecks fishing derbies and storytelling

Medina Michael Luis, 2011-03-21 Medina has long been recognized as the home to wealthy and influential members of Seattles elite Industry captains such as Clapp Blethan Gates and Bezos have built estates along Medinas waterfront Meanwhile a diverse group of families with a variety of backgrounds have settled the uplands creating a close knit community Farmers including many of Japanese heritage first settled the area in the late 1800s Upon the arrival of the car ferry service to Seattle in 1913 Medina gradually evolved into a commuter suburb for the working class and wealthy alike In 1940 the first Lake Washington floating bridge ushered in a new era and with incorporation in 1955 and the opening of the Evergreen Point Bridge in 1963 Medina completed its transformation to a largely residential area Despite its marvelous growth Medina has successfully maintained

Hoffman, Mary L. Hanneman, 2020-12-31 A vital account of everyday Nisei life and identity formation in an early twentieth century community Tacoma s vibrant Nihonmachi of the 1920s and 30s was home to a significant number of first generation Japanese immigrants and their second generation American children and these families formed tight knit bonds despite their diverse religious prefectural and economic backgrounds As the city s Nisei grew up attending the secular Japanese Language School they absorbed the Meiji era cultural practices and ethics of the previous generation At the same time they positioned themselves in new and dynamic ways including resisting their parents and pursuing lives that diverged from traditional expectations *Becoming Nisei* based on more than forty interviews shares stories of growing up in Japanese American Tacoma before the incarceration Recording these early twentieth century lives counteracts the structural forgetting and erasure of prewar histories in both Tacoma and many other urban settings after World War II Lisa Hoffman and Mary Hanneman underscore both the agency of Nisei in these processes as well as their negotiations of prevailing social and power relations

Printers' Ink ,1921 *Native Seattle* Coll Thrush, 2009-11-23 Winner of the 2008 Washington State Book Award for History Biography In traditional scholarship Native Americans have been conspicuously absent from urban history Indians appear at the time of contact are involved in fighting or treaties and then seem to vanish usually onto reservations In *Native Seattle* Coll Thrush explodes the commonly accepted notion that Indians and cities and thus Indian and urban histories are mutually exclusive that Indians and cities cannot coexist and that one must necessarily be

eclipsed by the other Native people and places played a vital part in the founding of Seattle and in what the city is today just as urban changes transformed what it meant to be Native On the urban indigenous frontier of the 1850s 1860s and 1870s Indians were central to town life Native Americans literally made Seattle possible through their labor and their participation even as they were made scapegoats for urban disorder As late as 1880 Seattle was still very much a Native place Between the 1880s and the 1930s however Seattle's urban and Indian histories were transformed as the town turned into a metropolis Massive changes in the urban environment dramatically affected indigenous people's abilities to survive in traditional places The movement of Native people and their material culture to Seattle from all across the region inspired new identities both for the migrants and for the city itself As boosters historians and pioneers tried to explain Seattle's historical trajectory they told stories about Indians as hostile enemies as exotic Others and as noble symbols of a vanished wilderness But by the beginning of World War II a new multiracial urban Native community had begun to take shape in Seattle even as it was overshadowed by the city's appropriation of Indian images to understand and sell itself After World War II more changes in the city combined with the agency of Native people led to a new visibility and authority for Indians in Seattle The descendants of Seattle's indigenous peoples capitalized on broader historical revisionism to claim new authority over urban places and narratives At the beginning of the twenty first century Native people have returned to the center of civic life not as contrived symbols of a whitewashed past but on their own terms In Seattle the strands of urban and Indian history have always been intertwined Including an atlas of indigenous Seattle created with linguist Nile Thompson Native Seattle is a new kind of urban Indian history a book with implications that reach far beyond the region Replaced by ISBN 9780295741345
