Sebastián Ochoa, Carolina Santamaría-Delgado, Carlos Eduardo Cataño Arango, 2020-07-24 By the late 1980s and early 1990s a great number of TV shows and music acts blossomed in Colombia all of which resorted to regional identity as the narrative core for a renewed idea of national identity Among them was *Clasicos de la provincial* an album by Colombian singer Carlos Vives and his band La Provincia 1993 which marked the beginning of a successful career that has spanned nearly three decades Vives's work not only earned much deserved recognition in the musical industry from the beginning but most importantly has come to be renowned as a landmark in the cultural history of Colombia This book is the first in depth analysis focused on the creation and production process of Vives's work its main musical and literary features and its influence on other musicians and in the construction of a narrative about national identity that is still relevant today More than fifty

interviews with Vives and members of the band musicians journalists radio programmers musical producers and other key players of the process together with an extensive review of hundreds of documents are the sources for this book which earned its authors a national award in Colombia 2015 *How to Unlock Your Family's Genius* David Simon,2017-04-24 This unique book is for parents families teachers and community workers who are involved in the education and welfare of families In *How to Unlock Your Family's Genius* the award winning author and educationalist David Simon shows families how they can take 11 simple steps and start to realise their true potential This book uses empowerment literature poetry mini essays short stories and autobiographical writing to demonstrate to families how they can play an active role in enriching their own learning experience and development **The Man Behind the Book** Louis Auchincloss,2021-05-12 Twenty three biographical essays on writers admired by the National Medal of Arts winning author of *The Education of Oscar Fairfax* For Louis Auchincloss life and letters are not two things but one It therefore comes as no surprise that when he writes about writers their lives are considered as closely as their works He takes what today is a refreshingly unpopular position that the artist and his art cannot be teased apart that biography of criticism and criticism biography For Mr Auchincloss it all boils down to that maxim of Buffon's the style is the man the man behind the book The twenty three writers discussed here are a mixed lot English American and French novelists poets and playwrights Jacobean Victorians and moderns yet each has meant a great deal to Mr Auchincloss as a reader and a writer Some of them are classics and familiar Auchincloss subjects Sarah Orne Jewett Henry James Ivy Compton Burnett Others among them Prosper Merimee Harold Frederic and Amy Lowell were famous once but are now obscure In their cases it is Mr Auchincloss's self described task to explore the reasons for their fall from grace reasons that prove to be unfailingly personal as well as artistic But as Mr Auchincloss would rather praise and share than damn and dismiss it is also his task to seek the portions of their work that may still merit attention Alfred Kazin once noted that Mr Auchincloss's essays are marked by perfect literary grace and wit These qualities have never been so evident as in this volume an informal study of some of the author's favorite books and the fascinating artists behind them *Schwann Spectrum* ,2001 **School Library Journal** ,1994 *The art journal London* ,1854 *The Art Journal* ,1854
