Get ready, get set, 'cause here I go!

I'm ready to show you all I know.

I came to second grade,

and had learned a ton.

I'm going to third grade

now that I'm done.

We will, we will, rock you!

(yeah third grade)

We will, we will, rock you!

,1922 Music Business and Monkey Business Doug McGuire,2010 This is how simple the complicated music business can be I was sitting shooting the bull with the A R man at Epic Records one day He said You know what I would really like to find is a white kid that sings the blues like a black guy I said I know a kid like that or words to that effect I then told him what I knew about Tim Williams Tim was starving to death trying to run a Coffee House in Santa Barbara He was only nineteen years old but very good The problem was that I had no idea what to do with a Blues singer Suddenly there was an answer to the question The A R man said Bring him down which meant to his office in Hollywood When the day came to go to Hollywood we went in my car I didn t think he had one that would make it down and back He showed up in a pair of dark brown corduroy pants and a dark polo type shirt both clean but covered with white lint I was embarrassed to showcase him that way but it could have been a sensitive subject so away we went I didn t have a clue what to expect when we arrived at the office In the now familiar get to the point fashion the man said Let s hear something after a few minutes of visiting Tim opened his guitar case took out his twelve string guitar and began playing as if the outcome didn t make a damn bit of difference to him Mr A R man asked him to do some old standard then something original that Tim had written Then suddenly he said Sounds good let s do a thing make a record Just like that *Music and Musicians* ,1922 Catalogue of the Officers and Students University of Wisconsin,1893 *The Frances Shimer Record ...* ,1925 **Annual Catalogue of Ripon College for the Academic Year ...** Ripon College,1917 **The Origins of American Criminology** Francis T. Cullen,Cheryl Lero Jonson,Andrew J. Myer,Freda Adler,2017-09-08 The Origins of American Criminology is an invaluable resource Both separately and together these essays capture the stories behind the invention of criminology s major theoretical perspectives They preserve information that otherwise would have been lost There is urgency to embark on this reflective task given that the generation that defined the field for the past decades is heading into retirement This fine volume insures that their life experiences will not be forgotten The volume shows criminology to be a human enterprise Ideas are not driven primarily and often not at all by data Theories are not invented solely as part of the scientific process they are not inevitable American criminology s great theories most often precede the collection of data they guide and produce empirical inquiry not vice versa Theoretical paradigms are shaped by a host of factors scholars assumptions about the world drawn from their social constructs disciplinary content and ideology cognitive environments found in specific universities and the field s scholarly networks and quirks in a person s biography The volume demonstrates that humanity is what makes theory possible Diverse experiences when we were born where we have lived the unique trajectories of our personal life courses the disciplines and academic places we have ended up allow individual scholars to see the world differently
